# OUR VISION

To become an industry leader through a persistent commitment to customer focus, technical innovation, managerial excellence, entrepreneurial spirit and social responsibility.

# OUR MISSION

To deliver unparalleled value to stakeholders and continually striving to exceed customer expectations by developing innovative industrial chemical solutions with special emphasis on workforce, health, safety, environment and contribution to the national economic development.

## Chairman's Message

Dear Stakeholders,

On behalf of the Board of Directors, I am pleased to present to you the Annual Report of Nimir Industrial Chemicals Limited ("NICL") highlighting NICL's performance and achievements for the year ended 30 June, 2022.

I am pleased to share that despite factors such as market volatility, domestic and global challenges, the sales revenue recorded growth across all of our businesses. NICL's topline has reached to nearly Rs.40 billion; depicting an impressive growth of 45% year-on-year. The operating profit increased by 21%, but net profit after tax reduced slightly over last year mainly due to higher finance cost and additional taxes imposed retrospectively during the year.

By the grace of Almighty and immense dedication of the management and entire team, NICL continued to deliver strong business growth. I would like to express gratitude to our stakeholders and everyone involved for their continued support and encouragement, and, in particular would like to place on record unreserved appreciation for all personnel of NICL for rendering invaluable services.

During the last five years, NICL has committed investments that have significantly increased its footprint and shareholder value. NICL has created consistent value for all stakeholders and has simultaneously contributed to the socio-economic development of Pakistan. We will continue to operate with sincerity and commitment with a strong focus on achieving optimal standards by investing in our environment, health and safety. While several external factors do indicate the likelihood of increased uncertainty, I am positive that we are well equipped to face and overcome any challenge and capitalize on any opportunity that may arise.

Going forward, our objective is very clear: a balanced top and bottom-line growth. NICL's aim is to enhance its competitive position by extending manufacturing capabilities, exploring new ideas, further expanding its market presence, and delivering on all fronts; despite possible impacts by economic headwinds of higher interest-rate driven finance costs, devaluation of the Pakistani rupee and an increase in inflationary pressure. However, the Board and Management of NICL are focused on creating enduring value for all stakeholders through improved operational efficiencies, cost controls, portfolio diversification and leveraging strong customer relationships.

On behalf of the Board, I once again express my sincere appreciation to our management, employees, suppliers, customers, Government and all other stakeholders, who have supported and contributed towards NICL's evolution and business performance. May Allah Almighty continue to bless us all. Ameen.

theed panne

Muhammad Saeed uz Zaman Chairman

## CEO's Message

Valued Stakeholders,

As one of the most well-regarded companies in Pakistan, Nimir Industrial Chemicals Limited has always been a thought leader and innovator. The company believes that a focus on sustainable solutions ensure long term success; it drives business growth and innovation.

I am privileged to present the Annual Report of 2022. It is an opportunity for us to collectively reflect, reset, and rejuvenate our mission to become a growth-oriented and sustainable Company. Coming to the annual results of financial year 2022; we were able to deliver another successful resilient performance during this fiscal year. The company's stand-alone gross turnover increased by 45% to PKR 40 billion and consolidated turnover to PKR 49 billion. This was the first year when the company was able to export products and our exports stood nearly PKR 1 billion. Moreover, the gross and operating profits were increased by 21%. This achievement is, in fact, the reflection of our commitment with the shareholders to continue enhancing the shareholders' value. However due to high interest rates and additional taxation during the year ended June 30, 2022, the bottom line and EPS was slightly lower than last year.

Going forward, I see many challenges. Depleting FX reserves, fluctuating feedstock prices, rising utility and financial costs, we expect margins to remain under pressure during the coming financial year. Hence, we are now focusing on exports with the aim to contribute more in the national exchequer. The projects initiated in last couple of years are being completed. While some of the projects have been completed in the last quarter of the period under review, but major projects would be commissioned in the second quarter of the financial year 2023.

I would like to extend my gratitude to all our shareholders and stakeholders for their continued support for navigating us through another year of success. I would also like to thank all our stakeholders for trusting us and to the entire Nimir Family. I would like to commend and congratulate each and every one of you for an astounding level of resilience and commitment to excellence which has helped us get to where we are today. With your support we will, follow the path of growth, profitability and long-term sustainability of our business Insha'Allah.

Zafar Mahmood Chief Executive Officer

Lahore, September 27, 2022

- 25 Report on the Audit of the Financial Statements
- 27 Statement of Financial Position
- 32 Notes to the Separate Financial Statements

## **Directors' Report**

The Board of Directors of Nimir Industrial Chemicals Limited (the "Company") is pleased to submit the 29th Annual Report along with the Audited financial statements for the year ended June 30, 2022.

During the year under review Pakistan's economy registered a significant growth of 5.97% in GDP and 10.5% in large scale manufacturing sector. The country also boosted exports to all time high to USD 31.8 billion. Foreign remittances also showed record contribution of USD 31.2 billion to the economy. Despite all these, the country is facing severe balance of payment challenge owing to significant increase in import bill from USD 56 billion to USD 80 billion. This is mainly due to unprecedented increase in the international prices of fuel, energy, food and all other commodities after Russia-Ukraine war.

The Government has taken immediate measures to curtail imports, with the aim to keep import bill within the limit of available foreign currency. These measures, though necessary to avoid any unpleasant situation, have disturbed the procurement of industrial inputs and resulted in slowing down the economy. The tightening monetary policy, rising input costs, continuous declining Rupees are pressing the Economic growth for FY 2023, which is forecasted to be below 2.5% by the IMF. Although Pakistan closed on loan deals with the IMF, the devaluation of Pak Rupee has not stopped reflecting serious challenges on balance of payment.

#### **Performance of the Company's Business**

Nimir Industrial Chemicals Limited has been able to post encouraging results during the financial year ended June 30, 2022, which are summarized as follows:

|                        | 2022   | 2021    | Increase |
|------------------------|--------|---------|----------|
|                        | PKR N  | Aillion | % age    |
| Gross Sales Turnover   | 39,564 | 27,169  | 45.6%    |
| Gross Profit           | 4,290  | 3,544   | 21.1%    |
| Operating Profit       | 3,685  | 3,046   | 21.0%    |
| Profit Before Taxation | 2,466  | 2,397   | 2.9%     |
| Profit After Taxation  | 1,596  | 1,694   | -5.8%    |

The gross turnover of the company has been close to PKR 40 billion during the year, showing a 45% year-on-year growth. The gross and operating profits grew by 21% over the corresponding period. However due to high interest rate and increasing working capital requirement to cater to increased costs, the financial cost grew by 2.43 times over the last year. This increase in financial cost limited the growth in before tax profit to 2.9%. The retrospective Super tax at the rate of 10% for the TY 2022 imposed by the government through Finance act 2022 pushed the Profit After Tax growth rate into red.

#### **Future Outlook**

The management is focused on the continuous growth in the sales. However due to high labor cost, fluctuating costs of feedstock, rising utility cost and financial cost margins are feared to be further squeezed during the coming financial year.

The projects initiated in the last financial year are being completed as per the scheduled timeline. While some of the projects have been completed in the last quarter of the period under review, but major projects would be commissioned by the second quarter of the financial year 2023.

With the completion of the above projects, we foresee decent growth in sale turnover as well as reduction of energy cost in the financial year 2023. This is expected to increase the operating profit of the company during next financial year.

The management is, however, committed to perform its best to continue increasing shareholders value, Insha'Allah.

#### **Credit Rating**

PACRA (Pakistan Credit Rating Agency) has maintained the credit rating of the Company to A+ for long term and A1 for short term.

#### Summary of Key Operating and Financial Data of Last Six Financial Years

Summary of key operating and financial data of last six years is annexed.

#### **Outstanding statutory payments**

All outstanding payments are of nominal and routine nature.

#### **Gratuity Scheme**

The Company operates a funded gratuity scheme for its employee as referred in Note 9 to the accounts.

#### **Board of Directors**

After the election in December 2021 currently, the Board of Directors consists of nine members – eight male and one female. Out of these directors, three are executive and six are non-executive (including three independent directors).

The board has two sub committees: Audit Committee and Human Resource and Remuneration Committee, the composition of which are shown below:

#### Audit Committee:

| 1. | Mr. Javaid Saleem Arif   | Chairman | Independent Director   |
|----|--------------------------|----------|------------------------|
| 2. | Mr. Tariq Ahmad Khan     | Member   | Independent Director   |
| 3. | Mr. Abdul Jaleel Shaikh. | Member   | Non-Executive Director |

#### Human Resource and Remuneration Committee:

| 1. | Ms. Parveen Akhtar Malik | Chairperson | Independent Director   |
|----|--------------------------|-------------|------------------------|
| 2. | Mr. M. Saeed uz Zaman    | Member      | Non-Executive Director |
| 3. | Mr. Zafar Mahmood        | Member      | Executive Director     |

During the fiscal year, five (5) Board, four (4) Audit Committee, and one (1) HR & Remuneration Committee meetings were held. The attendance of the directors is as follows:

| Name of Director           | Board of<br>Directors | Audit<br>Committee | HR & R<br>Committee |
|----------------------------|-----------------------|--------------------|---------------------|
| M. Saeed-uz-Zaman          | 5/5                   | _                  | 1/1                 |
| Zafar Mahmood              | 5/5                   | _                  | 1/1                 |
| Imran Afzal                | 3/3                   | _                  | _                   |
| Aamir Jamil                | 3/3                   | _                  | _                   |
| Javed Saleem Arif          | 5/5                   | 4/4                | _                   |
| Tariq Ahmed Khan           | 5/5                   | 4/4                | _                   |
| Parveen Akhter Malik       | 5/5                   | _                  | 1/1                 |
| Saqib Anjum                | 2/3                   | _                  | _                   |
| Abdul Jaleel Shaikh - PBIC | 5/5                   | 4/4                | _                   |
| M. Iqbal                   | 2/2                   | _                  | -                   |
| Umar Iqbal                 | 2/2                   | _                  | -                   |
| Khalid Mumtaz Qazi         | 2/2                   | _                  | -                   |

#### **Board Evaluation**

In accordance with the Code of Corporate Governance (CCG) and the Companies Act, 2017 the evaluation of the Board, its committees and individual directors was conducted. The Board is assisted by sub-committees, i.e. the Audit Committee and the HR&R Committee, and these sub-committees held meetings during the year as per the stipulations of the CCG. It is also important to recognize the key role played by the sub-committees in highlighting areas of improvements and recommending practical solutions.

#### **Directors' Remuneration Policy**

Executive Directors' remuneration is fixed as per the formal policy approved by the Board in line with the Companies Act, 2017 and the Code of Corporate Governance.

The fee of the Non-Executive and Independent Directors for attending the Board and Committee meetings of the Company is determined by the Board from time to time.

#### **Corporate Governance**

As required under Code of Corporate Governance incorporated in the Listing Rules of the Pakistan Stock Exchange Limited in the country, the Board of Directors is pleased to state as follows:

- The financial statements, prepared by the management of the Company, present fairly its state of affairs, the results of its operations, cash flows and changes in equity,
- Proper books of accounts of the Company have been maintained,
- Appropriate accounting policies have been consistently applied in preparation of the financial statements and accounting estimates are based on reasonable and prudent judgment,
- International Financial Reporting Standards (IFRS), as applicable in Pakistan, have been followed in the preparation of financial statements,
- The system of internal controls is sound in design and has been effectively implemented and monitored,
- There is no significant doubt upon the company's ability to continue as a going concern,
- There has been no material departure from the best practices of the Corporate Governance, as detailed in the listing regulations,
- Key operating and financial data for the last 6 years is annexed. and
- Outstanding taxes and levies are given in the notes to the financial statements.

The management of the Company is committed to good corporate governance and taking all appropriate measures to comply with best practices, and continuously reviewing the system of internal controls in the light of Companies Act, 2017.

#### **Corporate Social Responsibilities**

The Company recognizes its social responsibilities as a key member of the community. It is committed to contribute its resources for the betterment of the environment with an unprejudiced approach. Its Health, Safety, and environmental (HSE) policies are geared towards the betterment of employees and community.

The Company ensures environment friendly operations, products, and services while promoting environmental awareness among its employees and the community. It inducts employees from the surrounding community, offers internship/apprenticeship opportunities to technical institutes, and encourages student visits from different educational institutions. The Company also support needy children of the employees for studies to promote education in the country.

#### **Subsidiary Companies**

Nimir Industrial Chemicals Limited holds 51% shares in Nimir Management Private Limited and 11.63% shares in Nimir Resins Limited directly. The Company's effective shareholding in NRL stands unchanged at 37.64%.

#### **Internal Financial Control**

The Company has a system of internal control which is sound in design and has been effectively implemented and monitored. The Board assumes the overall responsibility of overseeing the internal control processes.

#### **Related Party Transaction**

The Company has made detailed disclosures about the related party transaction in the financial statements annexed with the annual report. Such disclosure is in line with the requirement of the Companies Act, 2017 and applicable international Financial Reporting Standards.

A complete list of all Related Party Transaction is compiled and submitted by the Internal Auditor, which has verified that all transactions or arrangements with all the related parties were carried out in the ordinary course and are conducted on an arm's length basis to the Board's Audit Committee every quarter. After the review by the Audit Committee the transactions or arrangements with all the related parties were placed before the Board of Directors for their consideration and approval.

#### **External Auditors**

The present auditors, EY Ford Rhodes, Chartered Accountant, who are retiring this year, have offered themselves for reappointment. The Audit Committee has recommended the reappointment of M/s EY Ford Rhodes Chartered Accountant as external auditor of the Company for the year ending June 30, 2023.

#### **Dividend / Bonus Shares**

The Board has recommended a PKR 1.5 per share (i.e. 15%) final cash dividend for the year ended June 30, 2022. The Board had earlier declared and paid interim cash dividends totaling PKR 1.0 per share (i.e. 10%). The total cash dividend for the year remained PKR 2.5 per share (i.e. 25%).

#### **Pattern of Shareholding**

The pattern of shareholding of the Company is annexed. There was no trading in the shares of the Company by the Directors, Chief Executive,

Chief Financial Officer, Company Secretary, Company Executive and their spouses and minor children during the year except those which are mentioned in the annexed statement required under code of CCG.

Necessary returns in this respect were filed with the regulatory authorities besides informing the Board and the Stock Exchange of the said transactions as required under the Code of Corporate Governance.

#### Acknowledgment

We are thankful to our valued stakeholders including customers, banks, suppliers, contractors, and shareholders, regulators for their excellent support and confidence. We also thank our employees for their focused dedication and hard work throughout this period.

#### For and on behalf of the Board

ڈ ائر بکٹرزر **پور**ٹ

نمرا نڈسٹر مل کیمیکڑ کمیٹی ( کمیٹی) کے بورڈ آف ڈائر مکٹرز 30 جون 2022 وکو ٹتم ہونے والے مالی سال کے لئے 29 ویں سالا نہ ریورٹ معد نظر ثانی شدہ الیاتی کوشوارے پیش کرتے ہوئے خوشی محسوں کرتا ہے۔

ز رِجائزہ سال کے دوران پاکستان کی معیشت نے بی ڈی پی میں 5.97 فیصد اور بڑے پیانے پر مینونی چرنگ کیکٹر میں 10.5 فیصد کی نمایاں نمودرج کی۔ ملک کی برآ مدات بھی اب تک کی بلندترین شطح 1.8 بلین امر کی ڈالر تک بڑھ گئیں۔ غیر ملکی تر سیلات زرنے بھی معیشت میں 31.2 بلین امر کی ڈالر کار ایکارڈ حصد دکھایا۔ ان تمام باتوں کے باوجود، درآ مدی بل 56 بلین امر کی ڈالر ت68 بلین ڈالر تک بڑھنے کی وجہ سے ملک کوادا ئیگی کے توازن کے شدید پیلنے کا سامنا ہے۔ اس کی بنیا دی وجہ دوں یوکرین جنگ کے بعد ایندھن، توانائی، خوراک اور دیگر تمام اشیاء کی بین الاقوا می قیمتوں میں غیر معمولی اضافہ ہے۔

حکومت نے درآ مدات کو کم کرنے کے لیے فوری اقدامات کیے ہیں، جس کا مقصد درآ مدی بل کودستیاب غیر عکی کرنی کی حد کے اندر رکھنا ہے۔ بداقد امات اگر چہ کی بھی نا خوشگوار صورتحال ہے بچنے کے لیے ضروری ہیں، کیکن منعتی سامان کی خریداری میں خلل پڑا اور اس کے بنتیج میں معیشت ست روی کا شکار ہے۔ یحف ما نیٹری پالیسی، بڑھتی ہوئی ان پٹ لاگت، روپے کی سلسل گرتی ہوئی قدر مالی سال 2023 کے لیے اقتصادی ترقی پرد ہاؤڈال رہی ہیں، جس کے IMF کی جانب ہے 25 فیصد ہے کم رہنے کی بیش گوئی گی گئی ہے۔ اگر چہ پاکستان نے آئی ایک ایف کے ساتھ قرضوں کا معاہدہ طے کرایا ہے، کین پاکستانی روپے کی قدر میں کی ادائی کی تو ازن پڑھین چیلنچوں کی حکامی کرنے ہے از نہیں آئی۔

#### <sup>سمپن</sup>ی کے کاروبار کی کارکردگی۔

نمرا نڈسٹریل کیمیکار کمیٹڈ نے30 جون2022 کوختم ہونے والے مالی سال کے دوران حوصلہ افزاء متائج درج کے ہیں ، جن کا خلاصہ مندر بیدذیل ہے:

| اضافہ     | 2021    | 2022   |
|-----------|---------|--------|
| اوسط فيصد | ب پيلين | رو     |
| 45.6%     | 27,169  | 39,564 |
| 21.1%     | 3,544   | 4,290  |
| 21.0%     | 3,046   | 3,685  |
| 2.9%      | 2,397   | 2,466  |
| -5.8%     | 1,694   | 1,596  |

سال کے دوران سمینی کا مجموعی کاروبار 40 بلین روپ کے قریب ترہا، جو کہ سال بہ سال 25 منوکو ظاہر کرتا ہے۔ مجموعی اور آپریڈنگ منافع میں ای مدت کے دوران 21 فیصد اضافہ ہوا۔ تاہم بلند شرح سوداور بڑھتے ہوئے اخراجات کو پورا کرنے کے لیے در کنگ سییٹل کی بڑھتی ہوئی ضرورت کی وجہ سے، مالی لاگت میں گزشتہ سال کے مقاطبے میں 2.43 گنا اضافہ ہوا۔ مالیاتی لاگت میں اس اضافے نے تیکس سے پہلے کے منافع میں اضافے کو 2.9 فیصد تک محد در کردیا۔ حکومت کی طرف نے فنانس ایک 2022 کے ذریعے TY2022 کے لیے 10% اور TY2023 سے 46 کی شرح پر

#### مستقبل كانقطه نظر

ا تنظامید کی توجد فروخت میں مسلسل اضافے پر مرکوز ہے۔ تاہم زیادہ لیبر لاگت، فیڈ اسٹاک کے اتار چڑھاؤ، میٹیلیٹی لاگت اور مالیاتی لاگت کے مارجن میں اضافے کی وجہ ہے آئندہ مالی سال کے دوران مزید کمی ہونے کا خدشہ ہے۔

گزشتہ مالی سال میں شروع کیے گئے منصوب طے شدہ ٹائم لائن کے مطابق کمل کیے جارہے ہیں۔ جبکہ پھر منصوبے زیر جائزہ مدت کی آخری سہ ماہی میں کمل ہو چکے ہیں ،لیکن بڑے منصوب مالی سال 2023 کی دوسری سہ ماہی تک شروع ہو جائیس گے۔

مندرجہ بالامنصوبوں کی بھیل کے ساتھ ،ہم مالی سال 2023 میں فروخت کے ٹرن اوور میں بہتر نمو کے ساتھ ساتھ تو انائی کی لاگت میں کمی کی تو قع کرتے ہیں۔اس سے الحظے مالی سال کے دوران کمپنی کے آپریڈنگ منافع میں اضافہ متوقع ہے۔

تاہم ، انتظام حیص یافتگان کی قدر بڑھانے کے لیے اپنی بہترین کا رکردگی کا مظاہرہ کرنے کے لیے پرعزم ہے ، انتاء اللہ ۔ کر یڈر یڈیک: PACRA (پاکستان کر یڈٹ ریڈیک ایجنی ) نے کپنی کی طویل مدت سے لئے + A اور مختصر مدت کے لئے A ک کر یڈٹ ریڈیک برقر اررکھی ۔ گزشتہ چھمالوں کے اہم آپریڈیک اور مالیاتی اعداد دشار کا طلاصہ تر شتہ چھمالوں کے اہم آپریڈیک اور مالیاتی اعداد دشار کا طلاصہ تر میتو یہ مالوں کے اہم آپریڈیک اور مالیاتی اعداد دشار کا طلاصہ تر میتو یہ مالوں کے اہم آپریڈیک اور مالیاتی اعداد دشار کا طلاصہ تر میتو یہ مالوں کے اہم آپریڈیک اور مالیاتی اعداد دشار کا طلاصہ تر میتو یہ مالوں کے اہم آپریڈی کے اور مالیاتی اعداد دشار کا طلاصہ سلک ہے۔ تر میتو یہ میں اور علوم کی دور میں ہوئی ہے ہو مالوں کے اہم آپریڈی کر میتو کی میں ہوئی کہ میں ہوئی کہ میں ہوں اور میں میں میں میں میں میں میں میں میں آٹھ (8) مرداد را کیک دسپر 2021 میں استخابات کے بعد حالیہ ، بورڈ آف ڈائر مکٹرزنو (9) ارکان پر مشتمل ہے جس میں آٹھر (8) مرداد را کیک

Zafar Mahmood Chief Executive Officer

## Review Report to the Members on Statement of Compliance With Best Practices of CCG

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Nimir Industrial Chemicals Limited (the Company) for the year ended 30 June 2022 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2022.

## Report on the Audit of the Financial Statements —

FOR THE YEAR ENDED JUNE 30, 2022

#### Opinion

We have audited the annexed financial statements of Nimir Industrial Chemicals Limited (the Company), which comprise the statement of financial position as at 30 June 2022, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2022 and of the profit, total comprehensive income, the changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

| Key audit matters  | How the matter was addressed in our audit   |
|--|---|
| Revenue Recognition  |   |
| As described in Note 5.12 and Note 29 to the accompanied unconsolidated $% \mathcal{A}$  | Our audit procedures amongst others included the following:   |
| financial statements, the Company generates revenue from several types of products and services including three major categories i.e. oleo chemicals, chlor alkali and toll manufacturing. During the year ended 30 June 2022, the | Obtained an understanding of the Company's processes and related<br>internal controls for revenue recognition and on a sample basis, tested<br>the effectiveness of those controls, specifically in relation to recognition<br>of revenue and timing thereof; |
| Company generated net revenue of Rs. 33.79 billion as compared to Rs. 23.09 billion during the previous year, which represents an increase of approximately 46% as compared to last year.  | On a sample basis, reviewed sales transactions near the reporting date<br>to assess whether transactions are recorded in relevant accounting<br>period;   |
| The revenue recognition is identified as a key audit matter due to revenue being one of the key performance indicators of the Company and raises   |   |
| the risk that revenue could be misstated to meet targets.  | Reconciled revenue recorded in the books of account on a sample basis with underlying accounting records including dispatch and delivery documents; and   |
|  | Assessed the adequacy of the related disclosures in accordance with the applicable financial reporting standards and the Companies Act, 2017.   |
| Information Other than the Financial Statements and Auditor's Report Thereon   | is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements,   |
| Information Other than the Financial Statements and Auditors' Report Thereon   | or our knowledge obtained in the audit or otherwise appears to be<br>materially misstated. If, based on the work we have performed, we<br>conclude that there is a material misstatement of this other information,   |
| Management is responsible for the other information. The other information comprises the information included in the Annual Report   | we are required to report that fact. We have nothing to report in this regard.  |

#### **Responsibilities of Management and Board of Directors for the Financial Statements**

Our opinion on the financial statements does not cover the other Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as

In connection with our audit of the financial statements, our responsibility

but does not include the financial statements and our auditors' report

thereon.

thereon.

management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

# Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to

continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditors' report is Ahsan Shahzad.

### Notes to the Financial Statements - Separate

FOR THE YEAR ENDED JUNE 30, 2022

#### **1 THE COMPANY AND ITS OPERATIONS**

Nimir Industrial Chemicals Limited ('the Company') was incorporated in Pakistan as a public limited company and its shares are listed on Pakistan Stock Exchange. The Company is engaged in manufacturing and sales of chemical products along with toll manufacturing of aerosol and soap products. Following are the business units of the Company along with their respective locations:

#### Business Unit Address

| Registered office and plant | 14.8 km, Sheikhupura-Faisalabad Road, Mouza Bhikki, District Sheikhupura, Pakistan. |
|-----------------------------|---|
| Head office                 | Nimir House, 12-B, New Muslim Town, Lahore, Pakistan.                               |
|                             |   |

Subsequent to the year end, the head office of the Company has been relocated to Plot No. 122, Block B, Muslim Town, Lahore.

#### 1.1 Nimir Industrial Chemicals Limited is part of Nimir Group which consist of:

| Subsidiary Companies                        | % age of Direct<br>shareholding | % age of Effective<br>shareholding |
|---|---------------------------------|------------------------------------|
| Nimir Management (Private) Limited ("NMPL") | 51%                             | 51%                                |
| Nimir Resins Limited ("NRL")                | 11.63%                          | 37.64%                             |

The registered office of Nimir Management (Private) Limited (NMPL) is Nimir House, 12-B, New Muslim Town, Lahore, Pakistan. NMPL was formed for the purpose of investment in Nimir Resins Limited.

NRL is a listed company engaged in the manufacturing of surface coating resins, polyesters, optical brightener and textile auxiliaries. The registered office of the NRL is 14.5 Km, Lahore-Sheikhupura Road, Lahore. NRL is a sub-subsidiary of the Company as 51% shares of NRL are held by the NMPL, accordingly the Company exercises control over NRL.

These financial statements are the separate financial statements of the Company in which investment in subsidiary companies are accounted for on cost basis rather than on the basis of reported results. Consolidated financial statements are prepared separately.

#### 2 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

# 2.1 New standards, interpretations and amendments applicable to the financial statements for the year ended 30 June 2022

The accounting policies adopted are consistent with those of the previous financial year, except for the following new and amended standards and interpretations effective for annual period beginning on 1 July 2021, as listed below. The Company has not early-adopted any standard, interpretation or amendment that has been issued but is not yet effective except which is mentioned below in Note 2.1.3.

#### **New Amendments**

#### 2.1.1 IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 - Interest Rate Benchmark Reforms - Phase 2 — (Amendments)

In August 2020, the IASB published Interest Rate Benchmark Reform – Phase 2, Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16. With publication of the phase two amendments, the IASB has completed its work in response to IBOR reform. The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

The amendments include a practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest. Inherent in allowing the use of this practical expedient is the requirement that the transition from an IBOR benchmark rate to an RFR takes place on an economically equivalent basis with no value transfer having occurred. Any other changes made at the same time, such as a change in the credit spread or maturity date, are assessed. If they are substantial, the instrument is derecognised. If they are not substantial, the updated effective interest rate (EIR) is used to recalculate the carrying amount of the financial instrument, with any modification gain or loss recognised in profit or loss. The practical expedient is also required for entities applying IFRS 4 that are using the exemption from IFRS 9 (and, therefore, apply IAS 39 Financial Instruments: Recognition and Measurement) and for IFRS 16 Leases, to lease modifications required by IBOR reform.

#### 2.1.2 IFRS 16 Covid-19-Related Rent Concessions beyond 30 June 2021 – Amendment to IFRS 16

In March 2021, the Board amended the conditions of the practical expedient in IFRS 16 that provides relief to lessees from applying the IFRS 16 guidance on lease modifications to rent concessions arising as a direct consequence of the covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the covid-19 related rent concession the same way it would account for the change under IFRS 16, if the change were not a lease modification. Following the amendment, the practical expedient now applies to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022, provided the other conditions for applying the practical expedient are met.

Lessees will apply the amendment retrospectively, recognising the cumulative effect of initially applying it as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of the annual reporting period in which they first apply the amendment. In the reporting period in which a lessee first applies the 2021 amendment, the lessee will not be required to disclose the information required by paragraph 28(f) of IAS 8.

The amendment to IFRS 16 will provide relief to lessees for accounting for rent concessions from lessors specifically arising from the covid-19 pandemic. While lessees that elect to apply the practical expedient do not need to assess whether a concession constitutes a modification, lessees still need to evaluate the appropriate accounting for each concession as the terms of the concession granted may vary.

#### 2.1.3 IAS 16 Property, plant and equipment: Proceeds before intended use — (Amendments)

In May 2020, the IASB issued Property, Plant and Equipment — Proceeds before Intended Use, which prohibits entities from deducting from the cost of an item of property, plant and equipment (PP&E), any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual periods beginning on 1st January 2022 and must be applied retrospectively only to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity first applies the amendment. However, the Company has early adopted this amendment on July 1, 2021 retrospectively.

The adoption of above amendments applied for the first time in the period did not have any material impact on the financial statements of the Company.

#### 2.2 Standards, interpretation and amendments to approved accounting standards that are not yet effective

The following standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation:

#### **Standard or Interpretation**

#### 2.2.1 IFRS 3 Reference to conceptual framework — (Amendments)

In May 2020, the IASB issued Amendments to IFRS 3 Business Combinations - Reference to the Conceptual Framework. The amendments are intended to replace a reference to a previous version of the IASB's Conceptual Framework (the 1989 Framework) with a reference to the current version issued in March 2018 (the Conceptual Framework) without significantly changing its requirements.

The amendments add an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets or IFRIC 21 Levies, if incurred separately. The exception requires entities to apply the criteria in IAS 37 or IFRIC 21, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date. At the same time, the amendments add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual periods beginning on 1st January 2022 and must be applied prospectively. Earlier application is permitted if, at the same time or earlier, an entity also applies all of the amendments contained in the Amendments to References to the Conceptual Framework in IFRS Standards (March 2018).

#### 2.2.2 IAS 37 Onerous contracts - costs of fulfilling a contract — (Amendments)

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendments apply a 'directly related cost approach'. The costs that relate directly to a contract to provide goods or services include both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual periods beginning on 1st January 2022 and must be applied prospectively to contracts for which the Company has not yet fulfilled all of its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Earlier application is permitted and must be disclosed.

#### 2.2.3 AIP IFRS 1 First-time Adoption of International Financial Reporting Standards - Subsidiary as a first- time adopter

As part of its 2018-2020 annual improvements to IFRS standards process , the IASB issued ab amendment to IFRS 1 First-time Adoption of International Financial Reporting Standards. The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported in the parent's consolidated financial statements, based on the parent's date of transition to IFRS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 with earlier application is permitted

#### 2.2.4 AIP IAS 41 Agriculture - Taxation in fair value measurements

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IAS 41 Agriculture. The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting period beginning on or after 1 January 2022 with earlier adoption permitted.

#### 2.2.5 AIP IFRS 9 - Fees in the '10 per cent' test for derecognition of financial liabilities

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IFRS 9.

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 with earlier adoption permitted. The Group will apply the amendments to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

#### 2.2.6 IAS 1 Classification of liabilities as current or non-current — (Amendments)

In January 2020, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and must be applied retrospectively. The Company is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

#### 2.2.7 IAS 1 and IFRS Practice Statement 2 - Disclosure of Accounting Policies - (Amendments)

In February 2021, the IASB issued amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to IAS 1 are applicable for annual periods beginning on or after 1 January 2023 with earlier application permitted. Since the amendments to the Practice Statement 2 provide non-mandatory guidance on the application of the definition of material to accounting policy information, an effective date for these amendments is not necessary.

The Company expects that the adoption of the above improvements to the standards will have no material effect on the Company's financial statements, in the period of initial application.

#### 2.2.8 IAS 8 - Definition of accounting estimates — (Amendments)

In February 2021, the IASB issued amendments to IAS 8, in which it introduces a definition of 'accounting estimates'. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed.

# 2.2.9 IFRS 10 & IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint - Venture – (Amendment)

In December 2015, the IASB decided to defer the effective date of the amendments until such time as it has finalised any amendments that result from its research project on the equity method. Early application of the amendments is still permitted.

'The amendments address the conflict between IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognised when a transfer to an associate or joint venture involves a business as defined in IFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognised only to the extent of unrelated investors' interests in the associate or joint venture.

The amendments must be applied prospectively. Early application is permitted and must be disclosed.

The Company expects that such improvements to the standards will not have any material impact on the Company's financial statements in the period of initial application.

In addition to the above standards and amendments, improvements to various accounting standards and conceptual framework have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after 01 January 2022.

The Company expects that such improvements to the standards will not have any material impact on the Company's financial statements.

Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

| Standard or Interpretation |   | Effective date<br>(annual periods<br>beginning on or after) |
|----------------------------|---|---|
| IFRS 1                     | First-time Adoption of International Financial Reporting Standard | 1 July 2009   |
| IFRS 17                    | Insurance Contracts   | 1 January 2023  |

The Company expects that above standards will not have any material impact on the Company's financial statements.

#### **3 BASIS OF PREPARATION**

#### 3.1 Basis of measurement

These financial statements have been prepared under the 'historical cost convention' except for following:

- Staff retirement benefits are recognized on the basis mentioned in note 5.13
- Stock-in-trade measured at lower of cost and net realizable value.

#### 3.2 **Presentation currency**

These financial statements are presented in Pak Rupee, which is the also Company's functional currency.

#### 4 USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### **Estimates and ssumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### a) Useful lives, residual values and depreciation method of property, plant and equipment – Note 5.1

The Company reviews the useful lives and residual value of property, plant and equipment on a regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge.

#### b) Provision for expected credit losses of trade receivable – Note 5.6.1

The Company uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance).

The provision matrix is initially based on the Company's historical observed default rates. the Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. the Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

#### c) Estimation of provision - Note 5.9

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

#### d) Staff retirement benefits - Note 5.13

Calculations in this respect require assumptions to be made of future outcomes, the principal ones being in respect of mortality

rate, withdrawal rate, increase in remuneration and the discount rate used to convert future cash flows to current values. Calculations are sensitive to changes in the underlying assumptions.

#### e) Provision for inventory obsolescence - Note 21 and 22

The Company reviews the carrying amount of stock in trade, stores and spares on an annual basis, and as appropriate, inventory is written down to its net realizable value, or a provision is made for obsolescence if there is any change in the usage pattern and physical form of related inventory. Net realizable value signifies the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### f) Taxation - Note 5.10

The Company takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Company's views differ from the views taken by the income tax department at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

The Company recognizes deferred tax assets, to the extent it is probable that taxable profits and tax liability, as applicable, will be available against which the deductible temporary differences and tax credits can be utilized, based on its assessment of the probability and sufficiency of future taxable profits, future reversals of existing taxable temporary differences and ongoing tax planning strategies while also keeping in view the provisions of Income Tax Ordinance, 2001 related to adjustment / carry forward of the underlying temporary differences and tax credits, in subsequent years.

#### g) Contingencies - Note 5.9

The Company reviews the status of all the legal cases on a regular basis. Based on the expected outcome and lawyers' judgments, appropriate disclosure or provision is made.

#### h) Impairment of non financial assets

The carrying amount of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount is estimated in order to determine the extent of impairment loss, if any.

#### 5 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied are consistent with prior year except as stated otherwise.

#### 5.1 Property, plant and equipment

#### **Owned assets**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any, except land which is stated at cost. Cost of property, plant and equipment consists of historical cost and directly attributable cost of bringing the assets to their present location and condition.

Depreciation is calculated using the straight line method at rates disclosed in Note 16.1 which are considered appropriate to write off the cost of the assets over their useful lives.

Depreciation on additions is charged from the month in which an asset is acquired or capitalized while no depreciation is charged for the month in which the asset is disposed of.

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment is recognized as expense. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Where an impairment loss is charged, the depreciation charge is adjusted for the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to income during the period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from

its use or disposal. The gain or loss on disposal or retirement of an asset represents the difference between the sale proceeds and the carrying amount of the asset and is recognized in statement of profit and loss as income or expense.

The assets residual values and useful lives are reviewed at each financial year end, and adjusted if impact on depreciation is significant.

#### **Capital Work-in-Progress**

These are stated at cost less impairment loss, if any, including capitalization of borrowing costs. It consists of expenditures incurred in respect of fixed assets in the course of their construction and installation.

#### **Leased Asset**

#### a) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

#### b) Lease liabilities - rented premises

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

#### 5.2 Intangibles

Intangibles acquired separately are measured on initial recognition at cost. Following initial recognition, intangibles are carried at cost less any accumulated amortization and any accumulated impairment losses. The useful lives of intangibles are measured to be finite. Intangibles with finite lives are amortized over the useful life using straight line method and assessed for impairment whenever there is an indication that the asset may be impaired. The amortization period and amortization method for an intangibles with a finite life is reviewed at each financial period end. The amortization expense is recognized in profit or loss in the expense category consistent with the function of the intangibles.

Amortization on additions is charged from the month in which an asset is acquired or capitalized while no amortization is charged for the month in which the asset is disposed off.

#### 5.3 Stock-in-trade

Stock-in-trade, stores, spares and loose tools are valued at lower of cost or net realizable value except those in transit, which are valued at invoice value including other charges, if any, incurred thereon. Basis of determining cost is as follows:

| Raw and packing material            | - | weighted average cost |
|-------------------------------------|---|-----------------------|
| Material in transit                 | - | cost                  |
| Work in process                     | - | cost                  |
| Finished goods                      | - | weighted average cost |
| Stores, spare parts and loose tools | - | weighted average cost |

Items considered obsolete are carried at nil value. Provision for obsolete and slow moving inventory is based on management estimates of usage in normal business operations. Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less costs of completion and costs necessary to be incurred in order to make the sale.

#### 5.4 Trade debts

Trade debts from local customers are stated at amortized cost less expected credit losses while foreign debtors are stated at translated amount by applying exchange rate applicable on the reporting date less expected credit losses.

The company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. Refer to accounting policies of financial assets in note 5.6.1

#### 5.5 Cash and cash equivalents

The Company expects that above standards will not have any material impact on the Company's financial statements.

For the purpose of cash flow statement, cash and cash equivalents comprise of cash and bank balances.

#### 5.6 Financial instruments - initial recognition and subsequent measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 5.6.1 Financial assets

#### **Financial assets - initial recognition**

Financial assets are classified, at initial recognition, and subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade debts and bank balance that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade debts that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under IFRS 15. Refer to the accounting policy in Revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

The Company's financial assets include long-term deposits, trade debts, advance to employees against salary, other receivables and bank balances.

#### Financial assets - subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- a) Financial assets at fair value through profit or loss
- b) Financial assets at amortized cost (debt instruments)
- c) Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- d) Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

#### a) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognized in the statement of profit or loss.

This category includes derivative instruments and listed equity investments which the Company had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognized as other income in the statement of profit or loss when the right of payment has been established.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

The Company does not presently have financial asset at fair value through profit or loss.

#### b) Financial assets at amortized cost (debt instruments)

This category is the most relevant to the Company. The Company measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Company's financial assets at amortized costs includes long-term deposits, trade debts, advance to employees against salary and other receivables.

# c) Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under 'IAS 32 Financial Instruments: Presentation' and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Company does not have any financial assets designated at fair value through OCI (equity instruments).

#### d) Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

The Company measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss.

The Company does not have debt instruments recorded at fair value through OCI with recycling of cumulative gains and losses.

#### **Financial assets - Derecognition**

A financial asset (or, where applicable a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized when:

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset, is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

#### **Financial assets - Impairment**

The Company recognizes an allowance for expected credit losses ("ECL") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL). A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For trade debts, the Company applies a simplified approach in calculating ECLs based on lifetime expected credit losses. The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. The expected credit losses are recognized in the statement of profit or loss.

For bank balances, the Company applies a general approach in calculating ECLs based on lifetime expected credit losses. The Company reviews internal and external information available for each bank balance to assess expected credit loss and the likelihood to receive the outstanding contractual amount. The expected credit losses are recognized in the statement of profit or loss.

#### 5.6.2 Financial liabilities

#### **Financial liabilities - initial recognition**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include long-term loans, short-term borrowings utilized under mark-up arrangements, creditors, liabilities against assets subject to finance lease, accrued and other liabilities.

#### **Financial liabilities - subsequent measurement**

#### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of comprehensive income.

This category applies to long-term loans, short-term borrowings utilized under mark-up arrangements, creditors, liabilities against assets subject to finance lease, accrued and other liabilities.

#### **Financial liabilities - derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statement of profit or loss.

#### 5.6.3 Offsetting of financial assets and financial liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position if the Company has legally enforceable right to offset the recognized amounts and the Company intends to settle either on a net basis or realize the asset and settle the liability simultaneously.

#### 5.7 Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at nominal amounts and released to unconsolidated statement of profit or loss over the expected useful life of the asset, based on the pattern of consumption of the benefits of the underlying asset by equal annual instalments.

#### 5.8 Trade and other payables

Creditors relating to trade and other payables are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

#### 5.9 Provisions and contingencies

#### a) **Provisions**

Provisions are recognized in the statement of financial position when the Company has a legal or constructive obligation as a result of past events and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate. Where outflow of resources embodying economic benefits is not probable, a contingent liability is disclosed, unless the possibility of outflow is remote.

#### **b) Contingencies**

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence / non-occurrence of the uncertain future events.

#### 5.10 Taxation

#### Current

Provision for the current tax is based on the taxable income for the year determined in accordance with the provisions of the Income Tax Ordinance, 2001. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

#### Deferred

Deferred tax is provided using the balance sheet method for all temporary differences at the reporting date between tax base of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liability is recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, if any, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, carry-forward of unused tax credits and unused tax losses can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the liability is settled based on tax rates that have been enacted or substantially enacted at the balance sheet date.

#### 5.11 Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

#### 5.12 Revenue recognition

The Company is in the business of providing goods (i.e. oleo chemicals, chlor alkali and aerosols) and services (i.e. toll manufacturing). Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Specific revenue recognition details are as follows:

#### Sale of goods

Revenue from the sale of goods is recognized upon the transfer of control of the goods to the buyer when performance obligation is satisfied, which refers to the storage of processed finished soap noodles in Company's warehouse and its intimation to the respective customer, the delivery or the dispatch of such goods to respective customer, as agreed in the contract. Payment is generally due within 30 to 90 days of satisfaction of performance obligation.

#### Service income from toll manufacturing

Sale of goods and toll manufacturing services are distinct performance obligations as the promise to transfer the goods and to provide services are distinct within the context of the contract. The goods and services are not inputs to a combined item in the contract. In addition, the goods and services are not highly interdependent or highly interrelated, because the performance obligation for goods is satisfied upon storage of processed goods into separate warehouse and its intimation to the customer or delivery to the customer if toll manufacturing services are not opted by the customer, while performance obligation for toll manufacturing services is satisfied upon completion of goods into packaged soap and dispatch of such goods to customers. The Company determines the transaction price of the sale of goods and the toll manufacturing services based on relative stand-alone selling prices.

Service income from toll manufacturing is recognized upon the completion of processing of soap noodles into packaged soaps and dispatch of such packaged soaps to respective customer. Payment is generally due within 30 to 90 days of satisfaction of performance obligation.

#### **Cost to obtain contract**

The Company pays sales commission to its distributors and dealers for each contract that they obtain for sale of goods. The

Company has elected to apply the optional practical expedient for costs to obtain a contract which allows the Company to immediately charge sales commissions (included in note 29) because the amortization period of the asset that the Company otherwise would have used is one year or less.

#### **Profit on bank deposit**

Profit earned on saving and deposit accounts is accrued on time proportion basis by reference to the principal outstanding at the applicable rate of return.

#### 5.13 Staff retirement benefits

#### **Defined benefit plan**

The Company formed an approved funded defined benefit gratuity plan for all of its permanent employees (excluding members of executive management). Under this plan, gratuity is paid to the retiring employees on the basis of their last drawn gross salary for each completed year of service.

Experience adjustments are recognized in other comprehensive income when they occur. Amounts recorded in statement of profit or loss are limited to current and past service cost, gains or losses on settlements, and net interest income / expense. All other changes in net defined benefit liability are recognized in other comprehensive income with no subsequent recycling to statement of profit or loss.

#### 5.14 Foreign currency translation

Foreign currency transactions are recorded at the rate of exchange prevailing on the date of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak rupees at the rate of exchange prevailing at the balance sheet date.

Profits or losses arising on translation are recognized in the statement of profit or loss.

#### 5.15 Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use. Such borrowing costs are capitalized as part of the cost of the qualifying asset.

#### 5.16 **Operating segments**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decision. The management has determined that the Company has a single reportable segment, as Board of Directors views the Company's operations as one reportable segment.

#### 5.17 Sales tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

- When receivables and payables are stated with the amount of sales tax included the net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the unconsolidated statement of financial position.

#### 6 ISSUED, SUBSCRIBED AND PAID UP CAPITAL

| 2022        | 2021  | 2022          | 2021          |

|     | Current maturity under refinance scheme for payroll financing |      | (44,876,916)  | (84,921,547)  |
|     | Current maturity under temporary economic refinance facility  |      | (43,107,039)  | -             |
|     | Less: Current maturity shown under current liabilities        |      | (384,195,136) | (415,071,353) |
|     | Less: Mark up accrued shown under current liabilities         |      | (96,991,545)  | (26,239,494)  |
|     |   |      | 5,428,141,420 | 1,809,092,279 |

- 7.1 This represents long-term finance facilities obtained from financial institutions carrying mark-up at the rate of 3 months KIBOR plus 125 bps per annum repayable in equal monthly and quarterly instalments over a period of 5 to 6 years including 1 year grace period. These facilities are secured against first joint pari passu charge and mortgage charge (equitable) over present and future fixed assets of the Company.
- 7.2 This represents loan obtained under Refinance Scheme for Payment of Wages and Salaries to Workers and Employees of Business Concerns (the Scheme) offered by State Bank of Pakistan to mitigate the effect of COVID-19 on employment in Pakistan. The loan carries mark-up at SBP rate plus 100 bps to 200 bps per annum and repayable in 8 equal quaterly instalments starting from January 2021. This facility is secured against first joint pari passu charge over fixed assets of the Company. The loan was initially recognized at fair value in accordance with IFRS 9 Financial instruments using effective interest rate of 3-month KIBOR plus spread. The difference between fair value of loan and loan proceeds has been recognized as deferred grant as per requirements of IAS 20 (Accounting for Government grants and disclosure of Government assistance) and as per Circular 11/2020 issued by the Institute of Chartered Accountants of Pakistan.
- 7.3 These represent the loans obtained under the Temporary Economic Refinance Facility offered by the State Bank of Pakistan (the "SBP TERF") for setting up imported and locally manufactured plants and machinery for new projects. The loans carry mark-up at the rate of 2.02% per annum repayable in equal quarterly installments over a period of 10 years including 2 years grace period. These facilities are secured against first joint pari passu charge over all present and future fixed assets of the Company. The loan was initially recognized at fair value in accordance with IFRS 9 Financial instruments using an effective interest rate of three (3) month KIBOR plus spread respectively. The difference between the fair value of the loan and loan proceeds has been recognized as deferred income as per requirements of IAS 20 (Accounting for Government grants and disclosure of Government assistance).
- 7.4 This represents unsecured loan obtained from ex-director / sponsors of Nimir Resins Limited acquired as a result of winding of Nimir Holding (Private) Limited in the prior years. This loan is interest free and repayable on demand, however, the lender has agreed not to demand repayment for a period of next twelve months.

## 8 LEASE LIABILITIES

| LEASE LIABILITIES                                     | 2022         | 2021         |
|---|--------------|--------------|
|   | Rupees       | Rupees       |
| Present value of lease rentals                        | 110,410,093  | 116,691,049  |
| Less: Current portion shown under current liabilities | (38,670,693) | (29,099,326) |
|   | 71,739,400   | 87,591,723   |

Set out below are the carrying amounts of lease liabilities and the movements during the year:

| As at 01 July         | 116,691,049  | 140,124,138  |
|-----------------------|--------------|--------------|
| Additions             | 31,403,000   | 17,773,000   |
| Accretion of interest | 10,500,509   | 13,088,046   |
| Payments              | (48,184,465) | (54,294,135) |
| As at 30 June         | 110,410,093  | 116,691,049  |

2024

|     | Salient features of the leases are as follows:              | 2022             | 2021           |
|-----|---|------------------|----------------|
|     |   | Rupees           | Rupees         |
|     | Discounting rate  | 8.68% to 12.86 % | 7.32% - 12.16% |
|     | Period of lease   | 60 months        | 60 months      |
| 8.1 | Amount recognized in statement of profit or loss:           |                  |                |
|     | The following are the amounts recognized in profit or loss: |                  |                |
|     | Short term lease  | 7,271,820        | 9,091,798      |
|     | Interest expense on lease liabilities                       | 10,500,509       | 13,088,046     |
|     |   | 17,772,329       | 22,179,844     |

## 8.2 Cash outflow for leases

The Company had total cash outflows for leases of Rs. 48.18 million (2021: Rs. 54.29 million). The Company also had non-cash additions to right-of-use assets and lease liabilities of Rs. 31.40 million (2021: Rs. 17.77 million).

**8.3** The maturity analysis of lease liability has been disclosed in note 39.2.

| 9 | NET DEFINED BENEFIT LIABILITY - FUNDED GRATUITY | Nete  | 2022            | 2021         |              |
|---|---|---|-----------------|--------------|--------------|
|   |   |   | Note            | Rupees       | Rupees       |
|   | Staff   | retirement benefits - gratuity                                | 9.1             | 151,982,862  | 128,418,646  |
|   | 9.1   | The amounts recognized in the statement of financial position | are as follows: |              |              |
|   |   | Present value of defined benefits obligation                  | 9.5             | 195,554,240  | 151,222,142  |
|   |   | Less: Fair value of plan assets                               | 9.6             | (43,571,378) | (22,803,496) |
|   |   |   |                 | 151,982,862  | 128,418,646  |

## 9.2 The amounts recognized in the statement of profit or loss are as follows:

|     |   | Note | 2022         | 2021        |
|-----|---|------|--------------|-------------|
|     |   |      | Rupees       | Rupees      |
|     | Current service cost                                      |      | 18,150,925   | 15,861,627  |
|     | Interest cost on defined benefit obligation - net         |      | 12,766,864   | 8,630,646   |
|     | Expense recognized in the statement of profit or loss     | 9.3  | 30,917,789   | 24,492,273  |
| 9.3 | The charge for the year has been allocated is as follows: |      |              |             |
|     | Cost of sales   | 30.2 | 19,448,865   | 14,852,348  |
|     | Distribution costs  | 31.1 | 2,165,933    | 3,384,193   |
|     | Administrative expenses                                   | 32.1 | 9,302,991    | 6,255,732   |
|     |   |      | 30,917,789   | 24,492,273  |
| 9.4 | Movements in the net liability recognized as follows:     |      | 2022         | 2021        |
|     |   |      | Rupees       | Rupees      |
|     | Net liabilities at the beginning of the year              |      | 128,418,646  | 97,246,058  |
|     | Current service cost                                      |      | 18,150,925   | 15,861,627  |

| Expected future costs                               |            |

Estimated contribution to the fund in next year

## 9.10 Significant assumptions

9.9

Qualified actuaries have carried out the valuation as at 30 June 2022. The projected unit credit method, based on the following significant assumptions, is used for valuation of the plan:

|   | 2022   | 2021   |
|---|--------|--------|
| Discount rate for obligation                      | 13.25% | 10.00% |
| Expected rates of salary increase in future years | 12.25% | 9.00%  |
| Retirement assumption                             | Age 60 | Age 60 |

#### 9.11 Maturity profile of the defined benefit obligation:

The Company expects to contribute to the gratuity fund on the advice of the fund's actuary. The contributions are equal to the current service cost with adjustment for any deficit.

| Projected payments (undiscounted) | 2022        | 2021        |
|-----------------------------------|-------------|-------------|
|                                   | Rupees      | Rupees      |
| Year 1                            | 12,109,255  | 8,267,430   |
| Year 2                            | 15,217,582  | 9,460,524   |
| Year 3                            | 18,524,063  | 11,579,320  |
| Year 4                            | 21,227,254  | 15,498,624  |
| Year 5                            | 25,792,816  | 17,485,484  |
| Year 6 to Year 10                 | 174,810,297 | 142,329,682 |

20,000,000

## 9.12 Sensitivity analysis:

A quantitative sensitivity analysis for significant assumption on defined benefit obligation is as shown below:

| Sensitivity level | Assumption                  | Defined benefit<br>obligation |
|-------------------|-----------------------------|-------------------------------|
| +100 bps          | Discount rate               | 156,791,684                   |
| -100 bps          | Discount rate               | 187,545,977                   |
| +100 bps          | Expected increase in salary | 187,550,585                   |
| -100 bps          | Expected increase in salary | 156,793,610                   |

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 9 years.

The aggregate of short term finance facilities available from various financial institutions (including commercial banks) at year end is Rs.18,450 million (2021: Rs.10,049 million) which includes running finance facilities amounting Rs. 2,600 million (2021: Rs.1,350 million). The rate of mark up ranges from 1 month KIBOR to 6 months KIBOR + 0 to 75 bps with no floor and no cap (2021: 1 month KIBOR to 6 months KIBOR + 0 to 75 bps with no floor and no cap). The facilities are secured against joint pari passu charge on the present and future current assets of the Company.

The unutilized facility for opening letters of credit and bank guarantees as at 30 June 2022 amounts to Rs. 1,370 million (2021: Rs. 2,260 million) and Rs.13 million (2021: Rs. 50 million) respectively.

#### **15 CONTINGENCIES AND COMMITMENTS**

#### **15.1 CONTINGENCIES**

'Pending the outcome of below cases, no provision has been made in the financial statements, since the management of the Company based on its consultants' opinion, is confident that the outcome of the appeals will be in favor of the Company. The aggregate exposure of the following cases amounts to Rs. 249.7 million.

- 15.1.1 The income tax authority amended the Company's assessment relating to tax year 2009 under section 122 (5A) of the Ordinance, disallowing certain expenses thereby reducing declared loss from Rs. 167 million to Rs. 65 million (consequent tax exposure Rs. 35.7 million). The Company filed an appeal before the Commissioner Inland Revenue (Appeals), who upheld the order on major additions vide Order dated 23 April 2018. The Company has filed second appeal before the ATIR dated 21 May 2018, which is pending adjudication.
- 15.1.2 The income tax authority raised a tax demand of Rs. 206 million by treating the remission of Ioan as taxable income of Rs. 711 million for the Tax Year 2011 which was challenged at Appellate Tribunal Inland Revenue (ATIR). The ATIR decided the case in favor of the Company vide Order dated 2 December 2013. The Income Tax Department has filed an appeal in February 2014 before the Honorable Lahore High Court against the ATIR's decision. During the year, the Honorable Lahore High Court remanded back the case to ATIR for fresh hearing. The Company has filed an appeal before the Supreme court against the Lahore High Court decision which is pending adjudication.
- 15.1.3 The income tax authority amended the Company's assessment relating to Tax Year 2016 under section 161 / 205 of the Income Tax Ordinance, 2001 (the Ordinance) raised a demand of Rs. 8 million vide Order dated 15 May 2017. The Company filed an appeal before Commissioner Inland Revenue (Appeals), who upheld the said order. The Company filed second appeal before the Appellate Tribunal Inland Revenue (ATIR) who decided the case in favor of the Company vide Order dated 22 January 2018. The tax authority has filed a reference dated 11 June 2018 before the Lahore High Court against the decision of the ATIR which is pending adjudication.

- 16.3.1 Plant and machinery includes borrowing cost capitalized during the year amounting to Rs. 160,448,610 (2021: Rs. Rs. 22,669,749). The expansion has been financed by term finance facilities from financial institutions described in note 7. The rate used to determine the amount of borrowing costs eligible for capitalisation is three (3) month KIBOR plus 1% spread, reduced by the amortization of relevant deferred grant.
- **16.3.2** This represents impairment charged against two steam turbines in prior years.
- **16.3.3** These include the major capital expenditure incurred on the following ongoing projects:
  - Thermal power house
  - Chlorine liquefaction plant
  - Chlorinated paraffin wax plant

## 37 EARNINGS PER ORDINARY SHARE - BASIC AND DILUTED

### 37.1 Basic

| Profit attributable to ordinary shareholders (Rupees) | 1,595,630,354 | 1,694,429,292 |
|---|---------------|---------------|
| Weighted average number of ordinary shares (Number)   | 110,590,546   | 110,590,546   |
| Earnings per ordinary share                           | 14.43         | 15.32         |

### 37.2 Diluted

No figure for diluted earning per share has been presented as the Company has not issued any instrument carrying option which would have an impact on earnings per share when exercised.

### 38 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The main risks arising from the Company's financial instruments are credit risk, liquidity risk, foreign currency risk, interest rate risk and equity price risk. The management reviews and agrees policies for managing each of these risks which are summarized below.

#### 38.1 Credit Risk

The main risks arising from the Company's financial instruments are credit risk, liquidity risk, foreign currency risk, interest rate risk and equity price risk. The management reviews and agrees policies for managing each of these risks which are summarized below.

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Company attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties. The Company does not believe it is exposed to major concentration of credit risk, however to manage any possible exposure the Company applies approved credit limits to its customers.

The management monitors and limits the Company's exposure to credit risk through monitoring of client's credit exposure review and conservative estimates of provisions for doubtful receivables, if any, and through the prudent use of collateral policy.

The Company is exposed to credit risk on loan to subisidiary, long-term deposits, trade debts, advances to employees against salary, other receivables and bank balances. The Company seeks to minimize the credit risk exposure through having exposures only to customers considered credit worthy and obtaining securities where applicable. The maximum exposure to credit risk at the reporting date is:

| Not yet due                | 27,846,060    | 12,255,750    |

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company does not hold collateral as security. The letters of credit and other forms of credit insurance are considered integral part of trade receivables and considered in the calculation of impairment.

Set out below is the information about the credit risk exposure on the Company's trade debts using a provision matrix:

|  | Not due                    | 1-30 days                | 31-60 days               | 61-90 days                | Over 90 days             | Total                       |

As at 30 June 2022, trade debts of Rs. 21.9 million (2021: Rs. 42.1 million ) were impaired and provided for.

### 38.1.2 Bank balances

Credit risk from balances with banks and financial institutions is managed by the Company's finance department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

**38.1.3** With respect to credit risk arising from other financial assets of the Company, including long-term deposits, loans and advances and other receivables, the Company's management assesses exposure to such risk to be minimal based on past experience and is restricted to the carrying amount of those assets.

### 38.2 Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its commitments associated with financial liabilities when they fall due. Liquidity requirements are monitored regularly and management ensures that sufficient liquid funds are available to meet any commitments as they arise.

Financial liabilities are analyzed below, with regard to their remaining contractual maturities.

|                             | Carrying Values | Maturity Up to<br>One Year | Maturity After<br>One Year | Total          |
|-----------------------------|-----------------|----------------------------|----------------------------|----------------|
| As at 30 June 2022          |                 | Rup                        | ees                        |                |

#### 38.3 Market Risk

#### 38.3.1 Currency Risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign trade payables. However at the year end, there are material foreign currency balances.

#### 38.3.2 Interest Rate Risk

Interest rate risk arises from the possibility that changes in interest rate will affect the fair value or future cash flows of financial instruments. The Company is exposed to interest rate risk for loans and borrowings obtained from the financial institutions and liabilities against assets subject to finance lease, which have been disclosed in the relevant note to the financial statements.

If interest rates at the year end, fluctuate by 1% higher / lower, pre-tax profit for the year would have been Rs. 200.31 million (2021: Rs. 69.4 million ) higher / lower. This analysis is prepared assuming that all other variables held constant and the amounts of liabilities outstanding at reporting date were outstanding for the whole year.

#### 38.4 Capital Management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholders' value. The Company manages its capital structure and makes adjustments to it in the light of changes in economic conditions. Capital includes ordinary share capital and reserves, whereas, debt includes long-term loans, short-term borrowings and liabilities against assets subject to finance lease. The gearing ratio of the Company is 75% (2021: 62%).

#### 38.5 Fair value of financial assets and financial liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As at the balance sheet date, carrying value of all the financial instruments in the financial statements approximates their fair value. Further, all financial assets and financial liabilities at reporting date are categorized into amortized cost.

## 39 RELATIONSHIP AND TRANSACTIONS WITH RELATED PARTIES

The Company has interest based on common directorship and / or percentage of shareholding in following companies:

| Names of companies                 | Basis of relationship                | Status of relationship | Percentage<br>of effective<br>shareholding |
|------------------------------------|--------------------------------------|------------------------|--|
| Nimir Management (Private) Limited | Shareholding                         | Subsidiary company     | 51%  |
| Nimir Resins Limited               | Shareholding and Common Directorship | Sub-Subsidiary company | 37.64%                                     |
| Nimir Resources (Private) Limited  | Common Directorship                  | Associated company     | Nil  |
| Nimir Chemcoats Limited            | Common Directorship                  | Associated company     | Nil  |
| Nimir Chemicals Pakistan Limited   | Common Directorship                  | Associated company     | Nil  |
| Nimir Energy Limited               | Common Directorship                  | Associated company     | Nil  |
| Terranova (Private) Limited        | Common Directorship                  | Associated company     | Nil  |
| Extracts 4 Life (Private) Limited  | Common Directorship                  | Associated company     | Nil  |

1 The plant capacity increased during the year. Actual production remained lower than last year due to market demand.

2 The plant was upgraded with latest technology in the last quarter of the financial year. The utiliztaion remained lower due to initial teething issues in the commissioning.

3 The plant capacity was underutilized due to product mix.

4 Another plant has been added for insect killer spray production in last quarter of the year. The market of both body sprays and insect killer is building gradually.

5 The plant capacity is indeterminable because it is a multi-product plant involving varying processes.

#### 43 **Corresponding figures**

Corresponding figures have been re-arranged and re-classified, where necessary, for better and fair presentation. However no significant reclassifications / restatements have been made, other than the following:

## **Directors' Report**

دائر يكثرزر يورف-اشتمال شده

The Directors are pleased to present Consolidated Directors' Report together with the Group Financial Statements of Nimir Industrial Chemicals Limited and its subsidiaries for the year ended June 30, 2022.

Since the world opened up in post covid scenario, Pakistan witnessed an economic growth rate of 5.97% during the year under review.

The consolidated gross revenue of your Company grew by 43% to reach at PKR. 49 billion during the year. Consequently, the consolidated operating profit crossed PKR. 4.6 billion during the year; which is 24% higher than last year. While, the net profit stood at PKR. 2 billion, which is 4% down from last year due to high financial cost and high taxation. The consolidated EPS rested at PKR. 15.76 as compared to PKR 16.57 previous year.

During post balance sheet date, unprecedented flood in Pakistan has played havoc with the people and the economy of Pakistan which was recovering fast. The loss of crops, cattle and house including the households is putting a lot of pressure on the economy. The loss caused by flood is expected to considerably bring down the growth rate.

The management is focused on the continuous growth in the sales. However due to extraordinary high costs of feedstock, utilities and finance cost, margins are bound to be squeezed during the coming financial year.

We shall continue to capitalize all opportunities that come our way, while remaining vigilant against any risk to stakeholders' value, which shall, as the precedent dictates and committed to perform its best to continue increasing shareholders value, Insha'Allah.

For and on behalf of the Board

ڈائر یکٹرز30 جون 2022 کوختم ہونے والے سال کے لیے نمرانڈسٹریل کیمیکز کمیٹڈ اوراس کے ذیلی اداروں کے گروپ مالی گوشواروں کے ہمراہ ڈائر یکٹرز کی مجموعی رپورٹ پیش کرتے ہوئے خوشی محسوس کررہے ہیں۔

کوویڈ کے منظرنامہ میں دنیا کھلنے کے بعد ہے، پاکستان نے زیرِ جائزہ سال میں 5.97 فیصد کی اقتصادی شرح نمودیکھی ۔

آپ کی کمپنی کی کنسولیڈیڈ مجموعی آمدنی سال کے دوران %43 بڑھ کر 49.11 بلین روپ تک پنچ گئی۔ نیتجناً ،مجموعی آپریٹنگ منافع سال کے دوران 4.6 بلین روپ سے تجاوز کر گیا؛ جو پچھلے سال سے 24.4 فیصد زیادہ ہے۔ جبکہ، زیادہ مالیاتی لاگت اور زیادہ ٹیکس لگنے کی وجہ سے خالص منافع 2 بلین روپ رہا، جو گزشتہ سال سے %4 کم ہے۔ مجموعی EPS گزشتہ سال کے 16.57 روپ کے مقاطبہ 15.7 روپ دہی۔

بعداز بیکن شیٹ تاریخ کے دوران، پاکستان میں بہت زیادہ سیلاب نے لوگوں اور تیزی سے بحال کی طرف گامزن پاکستان کی معیشت کو تباہ کر دیا ہے فصلوں ،مویشیوں اور مکانات بشمول گھریکو سامان کے فقصان سے معیشت پر بہت زیادہ دباؤ پڑا ہے۔سیلاب سے ہونے والے فقصان سے شرح نمو میں کافی کمی آنے کی تو قع ہے۔

ا نتظامیہ کی توجہ فروخت میں سلسل اضافے پر مرکوز ہے۔ تا ہم فیڈ اسٹاک، یوٹیلیٹیز اور فنانس لاگت کی غیر معمولی بلند قیمتوں کی وجہ ہے آئندہ مالی سال کے دوران مارجن لاز ماً کم ہوجائے گا۔

## Report on the Audit of the Financial Statements -

FOR THE YEAR ENDED JUNE 30, 2022

#### Opinion

We have audited the annexed consolidated financial statements of Nimir Industrial Chemicals Limited and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at 30 June 2022, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 30 June 2021, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

#### **Basis for Opinion**

**Report Thereon** 

We conducted our audit in accordance with International Standards on

Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

| Key audit matters   | How the matter was addressed in our audit  |
|---|--|
| Revenue Recognition   |  |
| As described in note 6.13 and note 30 to the accompanied consolidated<br>financial statements, the Group generates revenue from several types<br>of products and services. During the year ended 30 June 2022, the<br>Group generated net revenue of Rs. 41.85 billion as compared to Rs.<br>29.20 billion during the previous year, which represents an increase of<br>approximately 43% as compared to last year.<br>The revenue recognition is identified as a Key Audit Matter due to<br>revenue being one of the key performance indicators of the Group and<br>raises the risk that revenue could be misstated to meet targets. | <ul> <li>Obtained an understanding of the Group's processes and related internal controls for revenue recognition and on a sample basis, tested the effectiveness of those controls, specifically in relation to recognition of revenue and timing thereof;</li> <li>On a sample basis, reviewed sales transactions near the reporting date to assess whether transactions are recorded in relevant</li> </ul> |

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is

responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

# Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the

Lahore

September 30, 2022

UDIN: AR202210079nWA13pOxP

underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Muhammad Ahsan Shahzad.

### Notes to the Consolidated Financial Statements

FOR THE YEAR ENDED JUNE 30, 2022

#### 1 THE GROUP AND ITS OPERATIONS

1.1 Nimir Industrial Chemicals Limited ("NICL") is part of Nimir Group ("The Group") which consist of:

#### **Parent (Holding) Company**

Nimir Industrial Chemicals Limited ("NICL")

#### **Subsidiary Companies**

Nimir Management (Private) Limited ("NMPL")

Nimir Resins Limited ("NRL")

The shareholding of Nimir Group as at reporting date is as follows:

| <ul> <li>The holding of NICL in NMPL:</li> </ul>      | 51%    |
|---|--------|
| The holding of NMPL in NRL:                           | 51%    |
| The holding of NICL in NRL:                           | 11.63% |
| <ul> <li>Effective holding of NICL in NRL:</li> </ul> | 37.64% |

Nimir Industrial Chemicals Limited ('the Holding Company') was incorporated in Pakistan as a Public Limited Company and its shares are listed on Pakistan Stock Exchange Limited. The Holding Company is engaged in manufacturing and sales of chemical products. Following are the business units of the Holding Company along with their respective locations:

| Business Unit               | Address   |
|-----------------------------|---|
| Registered office and plant | 14.8 Km, Sheikhupura-Faisalabad Road, Mouza Bhikki, District Sheikhupura, Pakistan. |
| Head Office                 | Nimir House, 12-B. New Muslim Town, Lahore, Pakistan,                               |

Subsequent to the year end, the head office of the Company has been relocated to Plot No. 122, Block B, Muslim Town, Lahore.

Nimir Resins Limited was initially incorporated in Pakistan on 17 December 1964 as a private limited company under the Companies Act, 1913 (now the Companies Act, 2017) and was converted into public limited company on 19 August 1991 with the name of Nimir Resins Limited. The name of the company was changed to Descon Chemicals Limited on 1 April 2010 when the company entered into a scheme of arrangement for merger / amalgamation with Descon Chemicals (Private) Limited. Upon acquisition by Nimir Group as explained in note 1.2, the name of the company changed to Nimir Resins Limited as per the approval of Securities and Exchange Commission of Pakistan dated 18 April 2016. The shares of Nimir Resins Limited are quoted on Pakistan Stock Exchange Limited. The principal activity of the company is to manufacture surface coating resins for paint industry, polyesters, and optical brightener for paper and textile industries and textile auxiliaries for textile industry. Following are the business units of the company along with their respective locations:

| Business Unit                 | Address   |
|-------------------------------|---|
| Registered office and plant 1 | 14.5 Km, Lahore-Sheikhupura Road, Lahore, Pakistan.                                 |
| Plant 2                       | 14.8 Km, Sheikhupura-Faisalabad Road, Mouza Bhikki, District Sheikhupura, Pakistan. |

1.2 As a result of adoption of International Financial Reporting Standard (IFRS) – 10 'Consolidated Financial Statements', the Holding Company assessed the control conclusion of its investment in Nimir Resins Limited (NRL) that although the Holding Company has less than 50% shareholding in NRL, however, based on absolute size of the Holding Company's shareholding, common directorship and management, the Holding Company has the ability to exercise control over NRL as per the terms of IFRS-10. Henceforth, Nimir Industrial Chemicals Limited (NICL) is deemed to be holding company of NRL.

#### 2 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) as notified under Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

#### 3 New standards, interpretations and amendments

## 3.1 New standards, interpretations and amendments applicable to the consolidated financial statements for the year ended 30 June 2022

The accounting policies adopted are consistent with those of the previous financial year, except for the following new and amended standards and interpretations effective for annual period beginning on 1 July 2021, as listed below. The Group has not early-adopted any standard, interpretation or amendment that has been issued but is not yet effective except which is mentioned below in Note 2.1.3.

#### **New Amendments**

#### 3.1.1 IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 - Interest Rate Benchmark Reforms - Phase 2 — (Amendments)

In August 2020, the IASB published Interest Rate Benchmark Reform – Phase 2, Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16. With publication of the phase two amendments, the IASB has completed its work in response to IBOR reform. The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

The amendments include a practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest. Inherent in allowing the use of this practical expedient is the requirement that the transition from an IBOR benchmark rate to an RFR takes place on an economically equivalent basis with no value transfer having occurred.

Any other changes made at the same time, such as a change in the credit spread or maturity date, are assessed. If they are substantial, the instrument is derecognised. If they are not substantial, the updated effective interest rate (EIR) is used to recalculate the carrying amount of the financial instrument, with any modification gain or loss recognised in profit or loss. The practical expedient is also required for entities applying IFRS 4 that are using the exemption from IFRS 9 (and, therefore, apply IAS 39 Financial Instruments: Recognition and Measurement) and for IFRS 16 Leases, to lease modifications required by IBOR reform.

#### 3.1.2 IFRS 16 Covid-19-Related Rent Concessions beyond 30 June 2021 – Amendment to IFRS 16

In March 2021, the Board amended the conditions of the practical expedient in IFRS 16 that provides relief to lessees from applying the IFRS 16 guidance on lease modifications to rent concessions arising as a direct consequence of the covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the covid-19 related rent concession the same way it would account for the change under IFRS 16, if the change were not a lease modification. Following the amendment, the practical expedient now applies to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2022, provided the other conditions for applying the practical expedient are met.

Lessees will apply the amendment retrospectively, recognising the cumulative effect of initially applying it as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of the annual reporting period in which they first apply the amendment. In the reporting period in which a lessee first applies the 2021 amendment, the lessee will not be required to disclose the information required by paragraph 28(f) of IAS 8.

The amendment to IFRS 16 will provide relief to lessees for accounting for rent concessions from lessors specifically arising from the covid-19 pandemic. While lessees that elect to apply the practical expedient do not need to assess whether a concession constitutes a modification, lessees still need to evaluate the appropriate accounting for each concession as the terms of the concession granted may vary.

#### 3.1.3 IAS 16 Property, plant and equipment: Proceeds before intended use — (Amendments)

In May 2020, the IASB issued Property, Plant and Equipment — Proceeds before Intended Use , which prohibits entities from deducting from the cost of an item of property, plant and equipment (PP&E), any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment is effective for annual periods beginning on 1st January 2022 and must be applied retrospectively only to items of property, plant and equipment made available for use on or after the beginning of the earliest period presented when the entity

first applies the amendment. However, the Company has early adopted this amendment on July 1, 2021 retrospectively.

The adoption of above amendments applied for the first time in the period did not have any material impact on the financial statements of the Company.

#### 3.2 Standards, interpretation and amendments to approved accounting standards that are not yet effective

The following standards, amendments and interpretations with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standard or interpretation:

#### 3.2.1 IFRS 3 Reference to conceptual framework — (Amendments)

In May 2020, the IASB issued Amendments to IFRS 3 Business Combinations - Reference to the Conceptual Framework. The amendments are intended to replace a reference to a previous version of the IASB's Conceptual Framework (the 1989 Framework) with a reference to the current version issued in March 2018 (the Conceptual Framework) without significantly changing its requirements.

The amendments add an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets or IFRIC 21 Levies, if incurred separately. The exception requires entities to apply the criteria in IAS 37 or IFRIC 21, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date. At the same time, the amendments add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments are effective for annual periods beginning on 1st January 2022 and must be applied prospectively. Earlier application is permitted if, at the same time or earlier, an entity also applies all of the amendments contained in the Amendments to References to the Conceptual Framework in IFRS Standards (March 2018).

#### 3.2.2 IAS 37 Onerous contracts - costs of fulfilling a contract — (Amendments)

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendments apply a 'directly related cost approach'. The costs that relate directly to a contract to provide goods or services include both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The amendments are effective for annual periods beginning on 1st January 2022 and must be applied prospectively to contracts for which the Company has not yet fulfilled all of its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Earlier application is permitted and must be disclosed.

#### 3.2.3 AIP IFRS 1 First-time Adoption of International Financial Reporting Standards - Subsidiary as a first-time adopter

As part of its 2018-2020 annual improvements to IFRS standards process, the IASB issued ab amendment to IFRS 1 First-time Adoption of International Financial Reporting Standards. The amendment permits a subsidiary that elects to apply paragraph D16(a) of IFRS 1 to measure cumulative translation differences using the amounts reported in the parent's consolidated financial statements, based on the parent's date of transition to IFRS, if no adjustments were made for consolidation procedures and for the effects of the business combination in which the parent acquired the subsidiary. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of IFRS 1.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 with earlier application is permitted.

#### 3.2.4 AIP IAS 41 Agriculture - Taxation in fair value measurements

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IAS 41 Agriculture. The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41.

An entity applies the amendment prospectively to fair value measurements on or after the beginning of the first annual reporting period beginning on or after 1 January 2022 with earlier adoption permitted.

#### 3.2.5 AIP IFRS 9 - Fees in the '10 per cent' test for derecognition of financial liabilities

As part of its 2018-2020 annual improvements to IFRS standards process the IASB issued amendment to IFRS 9.

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. An entity applies the amendment to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

The amendment is effective for annual reporting periods beginning on or after 1 January 2022 with earlier adoption permitted. The Group will apply the amendments to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applies the amendment.

#### 3.2.6 IAS 1 Classification of liabilities as current or non-current — (Amendments

"In January 2020, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification"

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and must be applied retrospectively. The Company is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

#### 3.2.7 IAS 1 and IFRS Practice Statement 2 - Disclosure of Accounting Policies - (Amendments)

In February 2021, the IASB issued amendments to IAS 1 and IFRS Practice Statement 2 Making Materiality Judgements, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments to IAS 1 are applicable for annual periods beginning on or after 1 January 2023 with earlier application permitted. Since the amendments to the Practice Statement 2 provide non-mandatory guidance on the application of the definition of material to accounting policy information, an effective date for these amendments is not necessary.

The Company expects that the adoption of the above improvements to the standards will have no material effect on the Company's financial statements, in the period of initial application.

#### 3.2.8 IAS 8 - Definition of accounting estimates — (Amendments)

In February 2021, the IASB issued amendments to IAS 8, in which it introduces a definition of 'accounting estimates'. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after 1 January 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed.

## 3.2.9 IFRS 10 & IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint - Venture – (Amendment)

In December 2015, the IASB decided to defer the effective date of the amendments until such time as it has finalised any amendments that result from its research project on the equity method. Early application of the amendments is still permitted.

The amendments address the conflict between IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates

and Joint Ventures in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognised when a transfer to an associate or joint venture involves a business as defined in IFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognised only to the extent of unrelated investors' interests in the associate or joint venture.

The amendments must be applied prospectively. Early application is permitted and must be disclosed.

The Group expects that such improvements to the standards will not have any material impact on the Group's consolidated financial statements in the period of initial application.

In addition to the above standards and amendments, improvements to various accounting standards and conceptual framework have also been issued by the IASB. Such improvements are generally effective for accounting periods beginning on or after 01 January 2022.

The Group expects that such improvements to the standards will not have any material impact on the Group's consolidated financial statements.

Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

The Group expects that such improvements to the standards will not have any material impact on the Group's consolidated financial statements.

Further, following new standards have been issued by IASB which are yet to be notified by the SECP for the purpose of applicability in Pakistan.

| Standard or Interpretation |   | Effective date (annual periods beginning on or after) |  |
|----------------------------|---|---|--|
| IFRS 1                     | First-time Adoption of International Financial Reporting Standard | 1 July 2009   |  |
| IFRS 17                    | Insurance Contracts   | 1 January 2023  |  |

The Group expects that above standards will not have any material impact on the Group's consolidated financial statements.

#### 4 BASIS OF PREPARATION

#### 4.1 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention except for certain employee benefits that are recognized on the basis mentioned in note 5.14 and other areas where measurement basis have been disclosed in relevant notes.

These financial statements are the consolidated financial statements of the Group in which investment in subsidiaries is accounted for on the basis of acquisition method. Standalone financial statements of the Holding Company and its subsidiaries are prepared separately.

#### 4.2 Basis of consolidation

The consolidated financial statements include the financial statement of the Holding Company and its subsidiary companies. The Group uses the acquisition method of accounting to account for business combination. The consideration transferred is the fair value of the assets transferred, the liabilities assumed and the equity interest issued by the Group, if any. The Group recognizes any non-controlling interest in the acquiree at the non-controlling interest's proportionate share of the identifiable net assets of the acquiree. The financial statement of the Holding Company and its subsidiaries are prepared up to the same reporting date using consistent accounting policy except as stated otherwise. Identifiable assets acquired and liabilities assumed in the acquisition are measured initially at their fair value at the date of acquisition.

Goodwill is initially measured as the excess of the aggregate of the consideration transferred and the value of non- controlling interest using proportionate share method over the net identifiable assets acquired and liabilities assumed. If this is less than the fair value of the net asset of the subsidiary acquired, the difference is recognized in consolidated statement of profit or loss. After initial recognition it is measured at carrying value i.e. at date of acquisition less any accumulated impairment.

The financial statements of subsidiaries have been consolidated on line by line basis. Intra Group balances, transactions, income and expenses have been eliminated. Assets, liabilities, income and expense have been consolidated from the date the Group

acquired the control of the subsidiary till the control cease to exist. Unrealized gain or loss on intra group transactions are also eliminated but unrealized losses are however recognized to the extent of impairment, if any.

#### 4.3 Non-controlling interest

The Group applies a policy of treating transactions with non-controlling interests as transaction with parties external to the Group. Disposals of non-controlling interests results in gain and losses for the Group that are recorded in the consolidated statement of profit or loss.

#### 4.4 Functional and presentation currency

These consolidated financial statements are presented in Pak Rupee, which is the Group's functional currency.

#### 5 USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the acGrouping disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

#### **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### a) Useful lives, residual values and depreciation method of property, plant and equipment – Note 5.1

The Group reviews the useful lives and residual value of property, plant and equipment on a regular basis. Any change in estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding effect on the depreciation charge.

#### b) Provision for expected credit losses of trade receivable – Note 5.6.1

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance).

The provision matrix is initially based on the Group's historical observed default rates. the Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. the Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

#### c) Estimation of provision - Note 5.10

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

#### d) Staff retirement benefits - Note 5.14

Calculations in this respect require assumptions to be made of future outcomes, the principal ones being in respect of mortality rate, withdrawal rate, increase in remuneration and the discount rate used to convert future cash flows to current values. Calculations are sensitive to changes in the underlying assumptions.

#### e) Provision for inventory obsolescence - Note 21 and 22

The Group reviews the carrying amount of stock in trade, stores and spares on an annual basis, and as appropriate, inventory is written down to its net realizable value, or a provision is made for obsolescence if there is any change in the usage pattern and physical form of related inventory. Net realizable value signifies the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

#### f) Taxation - Note 5.11

The Group takes into account the current income tax law and decisions taken by the taxation authorities. Instances where the Group's views differ from the views taken by the income tax department at the assessment stage and where the Group considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities.

The Group recognizes deferred tax assets, to the extent it is probable that taxable profits and tax liability, as applicable, will be available against which the deductible temporary differences and tax credits can be utilized, based on its assessment of the probability and sufficiency of future taxable profits, future reversals of existing taxable temporary differences and ongoing tax planning strategies while also keeping in view the provisions of Income Tax Ordinance, 2001 related to adjustment / carry forward of the underlying temporary differences and tax credits, in subsequent years.

#### g) Contingencies - Note 5.10

The Group reviews the status of all the legal cases on a regular basis. Based on the expected outcome and lawyers' judgments, appropriate disclosure or provision is made.

#### h) Impairment of non financial assets

The carrying amount of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount is estimated in order to determine the extent of impairment loss, if any.

#### 6 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied are consistent with prior year except as stated otherwise.

#### 6.1 Property, plant and equipment

#### **Owned assets**

Property, plant and equipment are stated at cost less accumulated depreciation and impairment, if any except land which is stated at cost. Cost of property, plant and equipment consists of historical cost and directly attributable cost of bringing the assets to their present location and condition.

Depreciation is calculated using the straight line method at rates disclosed in note 19.1 which are considered appropriate to write off the cost of the assets over their useful lives.

Depreciation on additions is charged from the month in which an asset is acquired or capitalized while no depreciation is charged for the month in which the asset is disposed off.

The carrying amounts of the Group's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment is recognized in the income currently. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Where an impairment loss is recognized, the depreciation charge is adjusted for the future periods to allocate the asset's revised carrying amount over its estimated useful life.

Subsequent costs are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to consolidated statement of profit or loss during the period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss on disposal or retirement of operating fixed asset represents the difference between the sale proceeds and the carrying amount of the asset and is recognized as an income or expense in the period it relates.

The assets residual values and useful lives are reviewed at each financial year end, and adjusted if impact on depreciation is significant.

#### **Capital Work-in-Progress**

These are stated at cost less impairment loss, if any, including capitalization of borrowing costs. It consists of expenditures incurred in respect of fixed assets in the course of their construction and installation.

#### **Leased Asset**

#### a) Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

#### b) Lease liabilities - rented premises

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

#### 6.2 Intangibles

Intangibles acquired separately are measured on initial recognition at cost. Following initial recognition, intangibles are carried at cost less any accumulated amortization and any accumulated impairment losses. The useful lives of intangibles are measured to be finite. Intangibles with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the asset may be impaired. The amortization period and amortization method for an intangibles with a finite life is reviewed at each financial period end. The amortization expense is recognized in consolidated statement of profit or loss in the expense category consistent with the function of the intangibles.

Amortization on additions is charged from the month in which an asset is acquired or capitalized while no amortization is charged for the month in which the asset is fully amortized.

#### 6.3 Stock-in-trade, stores, spare parts and loose tools

Stock in trade, stores, spares and loose tools are valued at lower of cost or net realizable value except those in transit, which are valued at invoice value including other charges, if any, incurred thereon. Basis of determining cost is as follows:

| Raw and packing material            | - | weighted average cost |
|-------------------------------------|---|-----------------------|
| Material in transit                 | - | cost                  |
| Work in process                     | - | cost                  |
| Finished goods                      | - | weighted average cost |
| Stores, spare parts and loose tools | - | weighted average cost |

Obsolete items are carried at nil value. Provision for obsolete and slow moving inventory is based on management estimates of usage in normal business operations. Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less costs of completion and costs necessary to be incurred in order to make the sale.

#### 6.4 Trade debts

Trade debts from local customers are stated at amortized cost less expected credit losses while foreign debtors are stated at translated amount by applying exchange rate applicable on the reporting date less expected credit losses.

The Group has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. Refer to accounting policies of financial assets in note 5.6.1

#### 6.5 Cash and cash equivalents

Cash and cash equivalents are carried in the consolidated statement of financial position at cost.

For the purpose of consolidated statement of cash flows, cash and cash equivalents comprise of cheques in hand, cash and bank balances.

#### 6.6 Financial instruments - initial recognition and subsequent measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 6.6.1 Financial assets

#### **Financial assets - initial recognition**

Financial assets are classified, at initial recognition, and subsequently measured at amortized cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade debts and bank balance that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade debts that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under IFRS 15. Refer to the accounting policy in Revenue from contracts with customers.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding.

This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

The Group's financial assets include long-term deposits, trade debts, loans and advances, interest accrued, other receivables and bank balances.

#### **Financial assets - subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in four categories:

Financial assets at fair value through profit or loss

Financial assets at amortized cost (debt instruments)

Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

#### a) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be

classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value with net changes in fair value recognized in the consolidated statement of profit or loss.

This category includes derivative instruments and listed equity investments which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognized as other income in the consolidated statement of profit or loss when the right of payment has been established.

A derivative embedded in a hybrid contract, with a financial liability or non-financial host, is separated from the host and accounted for as a separate derivative if: the economic characteristics and risks are not closely related to the host; a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and the hybrid contract is not measured at fair value through profit or loss. Embedded derivatives are measured at fair value with changes in fair value recognized in profit or loss. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss category.

A derivative embedded within a hybrid contract containing a financial asset host is not accounted for separately. The financial asset host together with the embedded derivative is required to be classified in its entirety as a financial asset at fair value through profit or loss.

The Group does not have financial assets at fair value through profit or loss.

#### b) Financial assets at amortized cost (debt instruments)

This category is the most relevant to the Group. The Group measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Group's financial assets at amortized costs includes bank balances, long-term deposits, trade debts, advance to employees against salary, interest accrued and other receivables.

## c) Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognized as other income in the consolidated statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Group does not have any financial assets designated at fair value through OCI (equity instruments).

#### d) Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

The Group measures debt instruments at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognized in the statement of profit or loss and computed in the same manner as for financial assets measured at amortized cost. The remaining fair value changes are recognized in OCI. Upon derecognition, the cumulative fair value change recognized in OCI is recycled to profit or loss.

The Group does not have debt instruments recorded at fair value through OCI with recycling of cumulative gains and losses.

#### **Financial assets - Derecognition**

A financial asset (or, where applicable a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized when:

- · The rights to receive cash flows from the asset have expired; or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset, is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

#### Financial assets - Impairment

The Group recognizes an allowance for expected credit losses ("ECL") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the asset's original effective interest rate.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL). A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

For trade debts, the Group applies a simplified approach in calculating ECLs based on lifetime expected credit losses. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. The expected credit losses are recognized in the consolidated statement of profit or loss.

For bank balances, the Group applies a general approach in calculating ECLs based on lifetime expected credit losses. The Group reviews internal and external information available for each bank balance to assess expected credit loss and the likelihood to receive the outstanding contractual amount. The expected credit losses are recognized in the consolidated statement of profit or loss.

#### 6.6.2 Financial liabilities

#### **Financial liabilities - initial recognition**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include long-term loans, short-term borrowings utilized under mark-up arrangements, creditors, liabilities against assets subject to finance lease, accrued and other liabilities.

#### **Financial liabilities - subsequent measurement**

#### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of comprehensive income.

The Group's financial liabilities include long term loans, short-term borrowings utilized under mark-up arrangements, creditors, lease liabilities, diminishing musharaka finance, accrued and other liabilities.

#### **Financial liabilities - derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the statement of profit or loss.

#### 6.7 Offsetting of financial assets and financial liabilities

A financial asset and financial liability is offset and the net amount is reported in the consolidated statement of financial position if the Group has a legal enforceable right to set off the recognized amounts and intends either to settle on net basis or to realize the assets and settle the liabilities simultaneously.

#### 6.8 Government grants

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognized as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants of non-monetary assets, the asset and the grant are recorded at nominal amounts and released to consolidated statement of profit or loss over the expected useful life of the asset, based on the pattern of consumption of the benefits of the underlying asset by equal annual instalments.

#### 6.9 Trade and other payables

Creditors and other payables are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not invoiced to the Group.

#### 6.10 **Provisions and contingencies**

#### a) Provisions

Provisions are recognized in the statement of financial position when the Group has a legal or constructive obligation as a result of past events and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount can be made. However, provisions are reviewed at each consolidated statement of financial position date and adjusted to reflect current best estimate. Where outflow of resources embodying economic benefits is not probable, a contingent liability is disclosed, unless the possibility of outflow is remote.

#### **b)** Contingencies

The assessment of the contingencies inherently involves the exercise of significant judgment as the outcome of the future events

cannot be predicted with certainty. The Company, based on the availability of the latest information, estimates the value of contingent assets and liabilities which may differ on the occurrence / non-occurrence of the uncertain future events.

#### 6.11 Taxation

#### Current

The charge for the current tax is based on the taxable income for the year determined in accordance with the provisions of the Income Tax Ordinance, 2001. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted after taking into account tax credits, rebates and exemptions, if any. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

#### Deferred

Deferred tax is provided using the balance sheet method for all temporary differences at the reporting date between tax base of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liability is recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, if any, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, carry-forward of unused tax credits and unused tax losses can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the liability is settled based on tax rates that have been enacted or substantially enacted at the reporting date.

#### 6.12 Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Group performs under the contract.

#### 6.13 Revenue recognition

The Group is in the business of providing goods (i.e. oleo chemicals and chlor alkali) and services (i.e. toll manufacturing). Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Specific revenue recognition details are as follows:

#### Sale of goods

#### - Local sales

Revenue from the sale of goods is recognized upon the transfer of control of the goods to the buyer when performance obligation is satisfied, which refers to the storage of processed finished soap noodles and resins in Group's warehouse and its intimation to the respective customer, the delivery or the dispatch of such goods to respective customer, as agreed in the contract. Payment is generally due within 30 to 90 days of satisfaction of performance obligation.

#### - Export sales

Revenue from export sales is recognized at the point in time when control of the goods is transferred to the customer which depends on the related terms; generally on date of bill of lading or delivery of the product to the port of destination.

#### Service income from toll manufacturing

Sale of goods and toll manufacturing services are distinct performance obligations as the promise to transfer the goods and to provide services are distinct within the context of the contract. The goods and services are not inputs to a combined item in the contract. In addition, the goods and services are not highly interdependent or highly interrelated, because the performance obligation for goods is satisfied upon storage of processed goods into separate warehouse and its intimation to the customer or delivery to the customer if toll manufacturing services are not opted by the customer, while performance obligation for toll

manufacturing services is satisfied upon completion of goods into packaged soap and dispatch of such goods to customers. The Group determines the transaction price of the sale of goods and the toll manufacturing services based on relative stand-alone selling prices.

Service income from toll manufacturing is recognized upon the completion of processing of soap noodles into packaged soaps and dispatch of such packaged soaps to respective customer. Payment is generally due within 30 to 90 days of satisfaction of performance obligation.

#### **Cost to obtain contract**

The Group pays sales commission to its distributors and dealers for each contract that they obtain for sale of goods. The Group has elected to apply the optional practical expedient for costs to obtain a contract which allows the Group to immediately charge sales commissions (included in note 29) because the amortization period of the asset that the Group otherwise would have used is one year or less.

#### **Profit on bank deposit**

Profit earned on saving and deposit accounts is accrued on time proportion basis by reference to the principal outstanding at the applicable rate of return.

#### 6.14 Staff retirement benefits

#### **Defined benefit plan**

The Group formed an approved funded defined benefit gratuity plan for all of its permanent employees (excluding members of executive management). Under this plan, gratuity is paid to the retiring employees on the basis of their last drawn gross salary for each completed year of service.

Experience adjustments are recognized in other comprehensive income when they occur. Amounts recorded in statement of profit or loss are limited to current and past service cost, gains or losses on settlements, and net interest income / expense. All other changes in net defined benefit liability are recognized in other comprehensive income with no subsequent recycling to statement of profit or loss.

#### 6.15 Foreign currency translation

Foreign currency transactions are recorded at the rate of exchange prevailing on the date of transactions. Monetary assets and liabilities in foreign currencies are translated into Pak rupees at the rate of exchange prevailing at the reporting date.

Profits or losses arising on translation are recognized in the consolidated statement of profit or loss.

#### 6.16 Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred except to the extent of borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use. Such borrowing costs are capitalized as part of the cost of the qualifying asset.

#### 6.17 **Pricing for related party transactions**

All transactions with related parties and associated undertakings are carried at mutually agreed terms.

#### 6.18 **Operating segments**

For management purposes, the Group is organized into business units based on its products and services and has two reportable segments, as follows:

- Oleo chemicals and chlor alkali
- Coating emulsion and resins

Segment reporting is based on the operating (business) segments of the Group. An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed

regularly by the Chief Operating Decision Maker (CODM) to assess segment's performance, and for which discrete financial information is available. Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

#### 6.19 Sales tax

Expenses and assets are recognized net of the amount of sales tax, except:

- When the sales tax incurred on a purchase of assets or services is not recoverable from the Taxation authority, in which case, the sales tax is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of sales tax included the net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the consolidated statement of financial position.

#### 6.20 Current versus non-current classification

The Group presents assets and liabilities in the statement of consolidated financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all other liabilities as non-current. Deferred tax liabilities are classified as non-current assets and liabilities.

#### 7 ISSUED, SUBSCRIBED AND PAID UP CAPITAL

| 2022        | 2021        |  |
|-------------|-------------|--|
| No. of      | shares      |  |

- **9.1** This represents long-term finance facilities obtained from financial institutions carrying mark-up at the rate of 3 months KIBOR plus 75 bps to 150 bps per annum repayable over a period of 3.5 to 6 years including 0 to 1 year grace period in equal monthly and quarterly instalments. These facilities are secured against first joint pari passu charge and exclusive charge over present and future fixed assets of the Group.
- 9.2 This represents loan obtained under Refinance Scheme for Payment of Wages and Salaries to Workers and Employees of Business Concerns (the Scheme) offered by State Bank of Pakistan to mitigate the effect of COVID-19 on employment in Pakistan. The loans carry mark-up at an average rate of 2.02% per annum and repayable in 8 equal quaterly instalments starting from January 2021. This facility is secured against first joint pari passu charge over fixed assets of the Company. The loan was initially recognized at fair value in accordance with IFRS 9 Financial instruments using effective interest rate of 3-month KIBOR plus spread. The difference between fair value of loan and loan proceeds has been recognized as deferred grant as per requirements of IAS 20 (Accounting for Government grants and disclosure of Government assistance) and as per Circular 11/2020 issued by the Institute of Chartered Accountants of Pakistan.
- 9.3 These represent the loans obtained under the Temporary Economic Refinance Facility offered by the State Bank of Pakistan (the "SBP TERF") for setting up imported and locally manufactured plants and machinery for new projects. The loan carries mark-up at the rate of SBP TERF Refinance rate plus 100 bps to 200 bps per annum repayable in equal quarterly installments over a period of 10 years including 2 years grace period. These facilities are secured against first joint pari passu charge over all present and future fixed assets of the Company. The loan was initially recognized at fair value in accordance with IFRS 9 Financial instruments using an effective interest rate of three (3) month KIBOR plus spread respectively. The difference between the fair value of the loan and loan proceeds has been recognized as deferred income as per requirements of IAS 20 (Accounting for Government grants and disclosure of Government assistance) and as per Circular 11/2020 issued by the Institute of Chartered Accountants of Pakistan.
- 9.4 This represents long-term finance facility obtained from financial institution under State Bank of Pakistan's (SBP) Financing Scheme for Renewable Energy. This loan is repayable in 20 equal installments payable quarterly in arrears starting from March 31, 2021. Markup is charged at SBP rate plus 2% p.a.payable quarterly in arrears. This loan is secured against joint pari passu charge of Rs. 67 million over fixed assets of the Company with 25% margin.
- **9.5** This represents loan obtained from ex-director / sponsors of Nimir Resins Limited. This loan is interest free and repayable on demand, however, the lender has agreed not to demand repayment for a period of next twelve months.

#### **11.9 Significant assumptions**

Qualified actuaries have carried out the valuation as at 30 June 2021. The projected unit credit method, based on the following significant assumptions, is used for valuation of the plan:

|   | 2022   | 2021   |
|---|--------|--------|
| Discount rate for obligation                      | 13.25% | 10.00% |
| Expected rates of salary increase in future years | 12.25% | 9.00%  |
| Retirement assumption                             | Age 60 | Age 60 |

#### 11.10 Maturity profile

The Company expects to contribute to the gratuity fund on the advice of the fund's actuary. The contributions are equal to the current service cost with adjustment for any deficit.

| Projected payments (undiscounted) | 2022        | 2021        |
|-----------------------------------|-------------|-------------|
|                                   | Rupees      | Rupees      |
| Year 1                            | 14,226,845  | 9,296,892   |
| Year 2                            | 18,436,933  | 11,578,114  |
| Year 3                            | 22,809,291  | 14,798,671  |
| Year 4                            | 26,568,879  | 19,783,852  |
| Year 5                            | 32,078,235  | 22,827,109  |
| Year 6 to Year 10                 | 206,982,943 | 169,593,231 |

#### 11.11 Sensitivity analysis

A quantitative sensitivity analysis for significant assumptions on defined benefit obligation is shown as below:

| Sensitivity level | Assumption                  | Impact on defined<br>benefit obligation |
|-------------------|-----------------------------|---|
| +100 bps          | Discount rate               | 195,538,589                             |
| -100 bps          | Discount rate               | 233,892,876                             |
| +100 bps          | Expected increase in salary | 233,896,459                             |
| -100 bps          | Expected increase in salary | 195,540,039                             |

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The average duration of the defined benefit plan obligation at the end of the reporting period is 9 years for the Group.

| 12 | DIMINISHING MUSHARAKA FINANCE                          | 2022      | 2021        |

The aggregate of short term finance facilities available from various financial institutions (including commercial banks) at year end is Rs.18,450 million (2021: Rs.13,611 million) which includes running finance facilities amounting Rs. 3,575 million (2021: Rs.2,197 million). The rate of mark up ranges from 1 month KIBOR to 6 months KIBOR + 0 to 75 bps with no floor and no cap (2021: 1 month KIBOR to 6 months KIBOR + 0 to 75 bps with no floor and no cap). The facilities are secured against joint pari passu charge on the present and future current assets of the Company.

#### 18 CONTINGENCIES AND COMMITMENTS

#### **18.1 CONTINGENCIES**

Pending the outcome of below cases, no provision has been made in the financial statements, since the management of the Company based on its consultants' opinion, is confident that the outcome of the appeals will be in favor of the Company. The aggregate exposure of the following cases amounts to Rs. 249.7 million.

#### **Holding Company**

- 18.1.1 The income tax authority amended the Company's assessment relating to tax year 2009 under section 122 (5A) of the Ordinance, disallowing certain expenses thereby reducing declared loss from Rs. 167 million to Rs. 65 million (consequent tax exposure Rs. 35.7 million). The Company filed an appeal before the Commissioner Inland Revenue (Appeals), who upheld the order on major additions vide Order dated 23 April 2018. The Company has filed second appeal before the ATIR dated 21 May 2018, which is pending adjudication.
- 18.1.2 The income tax authority raised a tax demand of Rs. 206 million by treating the remission of Ioan as taxable income of Rs. 711 million for the Tax Year 2011 which was challenged at Appellate Tribunal Inland Revenue (ATIR). The ATIR decided the case in favor of the Company vide Order dated 2 December 2013. The Income Tax Department has filed an appeal in February 2014 before the Honorable Lahore High Court against the ATIR's decision which is pending adjudication. During the year, the Honorable Lahore High Court remanded back the case to ATIR for fresh hearing. The Company has filed an appeal before the Supreme court against the Lahore High Court decision which is pending adjudication.
- 18.1.3 The income tax authority amended the Company's assessment relating to Tax Year 2016 under section 161 / 205 of the Income Tax Ordinance, 2001 (the Ordinance) raised a demand of Rs. 8 million vide Order dated 15 May 2017. The Company filed an appeal before Commissioner Inland Revenue (Appeals), who upheld the said order. The Company filed second appeal before the Appellate Tribunal Inland Revenue (ATIR) who decided the case in favor of the Company vide Order dated 22 January 2018. The tax authority has filed a reference dated 11 June 2018 before the Lahore High Court against the decision of the ATIR which is pending adjudication.

19.2.1 Plant and machinery includes borrowing cost capitalized during the year amounting to Rs. 160,448,610 (2021: Rs. 22,669,749). The expansion has been financed by term finance facilities from financial institutions as described in note 8. The rate used to determine the amount of borrowing costs eligible for capitalisation is three (3) month KIBOR plus 1% spread, reduced by the amortization of relevant deferred grant.

**19.2.2** Accumulated impairment represents impairment charged against two steam turbines in prior years.

19.2.3 These include the major capital expenditure incurred on the following ongoing projects:

- Thermal power house

- Chlorine liquefaction plant

- Chlorinated paraffin wax plant

#### 38.2 Diluted

No figure for diluted earning per share has been presented as the Holding Company has not issued any instrument carrying option which would have an impact on earnings per share when exercised.

#### 39 FINANCIAL INSTRUMENTS AND RELATED DISCLOSURES

The main risks arising from the Group's financial instruments are credit risk, liquidity risk, foreign currency risk and interest rate risk. The management reviews and agrees policies for managing each of these risks which are summarized below.

#### 39.1 Credit Risk

Credit risk is the risk which arises with the possibility that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss. The Group attempts to control credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties. The Group does not believe it is exposed to major concentration of credit risk, however to manage any possible exposure the Group applies approved credit limits to its customers.

The management monitors and limits the Group's exposure to credit risk through monitoring of client's credit exposure review and conservative estimates of expected credit loss, if any, and through the prudent use of collateral policy.

The Group is exposed to credit risk on long-term deposits, trade debts, advances to employees against salary, interest accrued, other receivables and bank balances. The Group seeks to minimize the credit risk exposure through having exposures only to customers considered credit worthy and obtaining securities where applicable. The maximum exposure to credit risk at the reporting date is:

|                            | 8,289,842,696          | 4,671,047,543 |

An impairment analysis is performed at each reporting date using a provision matrix to measure expected credit losses. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Group does not hold collateral as security. The letters of credit and other forms of credit insurance are considered integral part of trade receivables and considered in the calculation of impairment.

Set out below is the information about the credit risk exposure on the Group's trade debts using a provision matrix:

|   | Not due                    | 1-30 days                  | 31-60 days                | 61-90 days                | Over 90 days              | Total                       |

As at 30 June 2022, trade debts of Rs. 95.03 million (2021: Rs. 93.12 million) were impaired and provided for.

#### **39.1.2 Bank balances**

Credit risk from balances with banks and financial institutions is managed by the Group's finance department in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Finance Committee. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

| Financial institution                      | Ratings       |            |           | 2022        | 2021       |  |

**39.1.3** With respect to credit risk arising from other financial assets of the Group, including long-term deposits, loans and advances, interest accrued and other receivables, the Group's management assesses exposure to such risk to be minimal based on past experience and is restricted to the carrying amount of those assets.

#### 39.2 Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its commitments associated with financial liabilities when they fall due. Liquidity requirements are monitored regularly and management ensures that sufficient liquid funds are available to meet any commitments as they arise.

Financial liabilities are analyzed below, with regard to their remaining contractual maturities.

#### 39.3 Market Risk

#### **39.3.1 Currency Risk**

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign trade payables. However at the year end, there are material foreign currency balances.

#### **39.3.2 Interest Rate Risk**

Interest rate risk arises from the possibility that changes in interest rate will affect the fair value or future cash flows of financial instruments. The Group is exposed to interest rate risk for loans obtained from the financial institutions and lease liabilities, which have been disclosed in the relevant note to the consolidated financial statements.

If interest rates at the year end, fluctuate by 1% higher / lower, profit for the year would have been Rs. 179.51 million (2021: Rs. 81.17 million) higher / lower. This analysis is prepared assuming that all other variables held constant and the amounts of liabilities outstanding at the reporting dates were outstanding for the whole year.

#### **39.4 Capital Management**

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholders' value. The Group manages its capital structure and makes adjustments to it in the light of changes in economic conditions. Capital includes ordinary share capital and reserves, whereas, debt includes long-term loans, short-term borrowings, diminishing musharaka finance and lease liabilities. The gearing ratio of the Group is 74% (2021: 61%).

#### 39.5 Fair value of financial assets and financial liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As at the reporting date, carrying value of all the financial instruments in the consolidated financial statements approximates their fair value. Further, all financial assets and financial liabilities at reporting date are categorized into amortized cost.

#### 40 RELATIONSHIP AND TRANSACTIONS WITH RELATED PARTIES

The Group have interest based on common directorship and / or percentage of shareholding in following:

| Names of companies                | Basis of relationship |
|-----------------------------------|-----------------------|
| Terranova (Private) Limited       | Common directorship   |
| Extracts 4 Life (Private) Limited | Common directorship   |
| Nimir Chemicals Pakistan Limited  | Common directorship   |
| Nimir Energy Limited              | Common directorship   |
| Nimir Resources (Private) Limited | Common directorship   |
| Nimir Chemcoats Limited           | Common directorship   |

Remuneration of Chief Executive, directors and executives is also shown in Note 42. Transactions with related parties during the year are as follows:

| Names of Company                 | Nature and Description of Related Party<br>Transaction | 2022       | 2021       |

#### 44 PRODUCTION CAPACITY IN METRIC TONS

|   | 2022             | 2022                     | 2021             | 2021              |
|---|------------------|--------------------------|------------------|-------------------|
|   | Maximum Capacity | <b>Actual Production</b> | Maximum Capacity | Actual Production |
| Oleo Chemicals (Metric ton) <sup>1</sup>        | 140,000          | 86,716                   | 124,000          | 101,089           |
| Chlor Alkali Products (Metric ton) <sup>2</sup> | 79,000           | 50,446                   | 52,000           | 50,479            |
| Resin Products                                  | 45,600           | 30,499                   | 45,600           | 33,344            |
| Soap Finishing Line (Metric ton) <sup>3</sup>   | 54,000           | 38,106                   | 54,000           | 37,766            |
| Aerosol (cans) <sup>4</sup>                     | 80,000,000       | 8,540,775                | 31,363,200       | 1,970,244         |
| Blending⁵                                       | -                | 33,605                   | -                | 32,586            |

1 The plant capacity increased during the year. Actual production remained lowe than last year due to market demand.

2 The plant was upgraded with latest technology in the last quarter of the financial year. The utilization remained lower due to initial teething issues in the commissioning.

- 3 The plant capacity was underutilized due to product mix.
- 4 Another plant has been added for insect killer spray production in last quarter of the year. The market of both body sprays and insect killer is building gradually.
- 5 The plant capacity is indeterminable because it is a mult-product plant involving varying processes.

#### 45 **Corresponding figures**

Corresponding figures have been re-arranged and re-classified, where necessary, for better and fair presentation. However no significant reclassifications / restatements have been made, other than the following:

### Notice of 29<sup>th</sup> Annual General Meeting

FOR THE YEAR ENDED JUNE 30, 2022

Notice is hereby given that the 29th Annual General Meeting ("AGM") of Nimir Industrial Chemicals Limited (the "Company") will be held on Friday, October 28, 2022 at 11:00 a.m., at Qaser-e-Sultan, Lahore – Faisalabad By-pass, near Housing colony, Sheikhupura to transact the following business:

#### **ORDINARY BUSINESS:**

- To receive, consider and adopt the Audited Financial Statements (Standalone & Consolidate) of the Company for the year ended June 30, 2022 together with Chairman's review, the reports of the Directors', Statement of Compliance (CCG) and Independent Auditors' reports thereon.
- 2. To approve the payment of final cash dividend of Rs. 1.50 per share (i.e. 15%) in addition to the interim dividend of Rs. 1.0 per share (i.e. 10%), in total Rs. 2.50 per share (i.e. 25%) cash dividend for the year ended June 30, 2022.
- 3. To appoint Auditors for the year ending June 30, 2023 and fix their remuneration. The members are hereby given the notice that the Audit Committee and the Board of Directors have recommended the re-appointment of retiring auditors M/s EY Ford Rhodes Chartered Accountants as auditors of the Company.

#### By Order of the Board

#### Sheikhupura October 7, 2022

#### Muhammad Inam-ur-Rahim (Company Secretary)

#### **Notes:**

I. Due to COVID-19 situation, the Government has suspended large public gatherings at one place. Additionally, Securities and Exchange Commission of Pakistan (SECP) in terms of its Circular No. 5 issued on March 17, 2020 and Pakistan Stock Exchange Limited (PSX) through it notice Ref. PSX/N-372 dated March 19, 2020 had advised companies to modify their usual planning for general meetings for the safety and well-being of shareholders and the public at large.

Considering the SECP's directives, the Company intends to convene this AGM with minimal physical interaction of shareholders while ensuring compliance with the quorum requirements and requests the members to consolidate their attendance and voting at AGM through proxies.

Shareholders interested to participate in the AGM are requested to share below information at corporate@nimir.com.pk for their appointment and proxy's verification by or before Wednesday, October 19, 2022 by 05:00 p.m.

| Name of Shareholder | CNIC No. | Folio No. / CDC<br>Account No. | Cell No. | Email Address |
|---------------------|----------|--------------------------------|----------|---------------|
|                     |          |                                |          |               |

Shareholders who will be registered, after necessary verification as per the above requirement, will be provided a password protected video link by the Company via email. The said link will be open from 11:00 am at the date of AGM till the end of the meeting. Shareholders can also provide their comments and questions for the agenda items of AGM at corporate@nimir.com.pk by or before Wednesday, October 19, 2022 by 05:00 p.m.

- II. The share transfer books of the Company shall remain closed from October 22, 2022 to October 28, 2022 (both days inclusive). Transfers received in order at the office of the Company's shares registrar at the close of business on Friday, October 21, 2022 will be treated in time for the purpose of entitlements of final cash dividend and to attend and vote at the AGM.
- III. A member eligible to attend and vote at this meeting is entitled to appoint another member as his/her proxy to attend and vote instead of him/her. A proxy must be a member of the Company and shall produce his/her original Computerized National Identity Card (CNIC) or passport at the time of meeting. Proxies in order to be effective must be received at the registered office of the Company not later than forty-eight (48) hours before the time of holding the meeting.
- IV. The corporate shareholders shall nominate someone to represent them at the AGM. The nominations, in order to be effective must be received by the Company not later than forty-eight (48) hours before time of holding the meeting.

- V. Any individual beneficial owner of Central Depository Company of Pakistan Limited (CDC), entitled to attend and vote at this meeting, must bring his/her original CNIC or passport, Account and participants' I.D numbers to prove his/her identity, and in case of proxy must enclose an attested copy of his / her CNIC or passport. Representatives of corporate members should bring the, Board resolution/power of attorney with specimen signature (unless it had been provided earlier) along with the proxy form to the Company.
- VI. All shareholders who have not yet submitted the valid copies of CNIC and NTN Certificate(s) are requested to send the copies of the same to the Shares Registrar. Shareholders of the Company who holds shares in scrip-less form on CDC are requested to submit/send valid copies of CNIC and NTN Certificate(s) directly to their CDC participant (brokers)/CDC Investor Account Services.
- VII. Shareholders desiring to claim exemption from Zakat deduction may file their Declaration before the closing date of the books i.e., October 16, 2020, duly attested by Oath Commissioner on Stamp paper to Company's Share Registrar, otherwise Company shall have to deduct Zakat according to the Zakat and Ushr Ordinance, 1980; and Shareholders are also requested to immediately notify change in address, if any, to the Company's Share Registrar, at the following address:

#### M/s Corplink (Pvt.) Limited

Wings Arcade, 1-K (Commercial), Model Town, Lahore. Tel : 042 35916714, 35916719, 35839182. Fax : 042 35869037. www.corplink.com.pk

#### Submission of CNIC - (Mandatory)

With reference to the notification of Securities and Exchange Commission of Pakistan (SECP), SRO 779(I)/2011, dated August 18, 2011, the Members/Shareholders who have not yet submitted photocopy of their valid Computerized National Identity Card (CNIC) to the Company are required to send the same at the earliest directly of the Company's Share Registrar, M/s Corplink (Pvt.) Limited.

Kindly comply with the request, in case of non-receipt of the copy of valid CNIC and non-compliance of the above-mentioned SRO of SECP, the Company may be constrained to withhold dividends in the future.

Shareholders are requested to promptly notify any change of address to the Company's Share Register (for Physical shares) or to their respective participant / broker (for CDS shares) as the case may be.

#### Deduction of withholding Income Tax / Zakat on the amount of Dividend

Pursuant of the provisions of Finance Act, 2022 effective from July 1, 2022, the deduction of income tax from the dividend payments shall be made on the bases of filer and non-filers as follows:

| S. No. | Nature of shareholders          | Rate of deduction |
|--------|---------------------------------|-------------------|
| 1      | Filers of Income Tax Return     | 15%               |
| 2      | Non-Filers of Income Tax Return | 30%               |

Shareholders seeking exemption from deduction of income tax or are eligible at a reduced rate are requested to submit a valid tax certificate or necessary documentary evidence as the case may be. Shareholders desiring non-deduction of Zakat are also requested to submit a valid declaration for non-deduction of Zakat.

The shareholders who have joint shareholdings held by filers or Non-filers shall be dealt separately. If the shares are not ascertainable then each account holder will be assumed to hold equal proportion of shares and deduction will be made accordingly.

#### Payment of Cash Dividend through Electronic Mode (IBAN format)

In accordance with the Section 242 of the Companies Act, 2017 cash dividend can only be paid through electronic mode directly into the respective bank account designated by the entitled Shareholders. Shareholders are requested to provide their bank account details (IBAN format) to our share registrar (for Physical shares) or to their respective participant / broker (for CDS shares) as the case may be. The subject Form is available at Company's website i.e. www.nimir.com.pk. In case of unavailability of IBAN, the Company would be constrained to withhold dividend in accordance with the Companies (Distribution of Dividends) Regulations, 2017.

#### Availability of Audited Financial Statements on Company's Website

In accordance to Section 223 and 237 of the Company Act, 2017, the audited financial statements of the Company for the year ended June 30, 2022 have been made available on the Company's website www.nimir.com.pk/nicl/financial \_ reports.html, in addition to annual and quarterly financial statements for the prior years.

#### **Video Conference Facility**

Pursuant to the provisions of the Companies Act, 2017 the shareholders residing in other cities and holding at least 10% of the total paid up capital may demand the Company to provide the facility of video link for participation in the meeting. The demand for video-link facility shall be received at Shares Registrar address given hereinabove at least 7 days prior to the date of AGM.

#### **Deposit of Physical Shares in to CDC Account:**

As per Section 72 of the Companies Act, 2017 every existing listed company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by the Commission, within a period not exceeding four years from the commencement of this Act, i.e., May 30, 2017. The Shareholders having physical shareholding are encouraged to open CDC sub - account with any of the brokers or Investor Account directly with CDC to place their physical shares into scrip less form, this will facilitate them in many ways, including safe custody and sale of shares, any time they want, as the trading of physical shares is not permitted as per existing regulations of the Pakistan Stock Exchange Limited.
