

NIMIR

ABOUT US

Established in 1964, Nimir is now a group of four companies; two of them are listed on Pakistan Stock Exchange. The group is engaged in a wide range of well diversified range of products and services. Nimir is proud to be the pioneer in new technologies in Pakistan. Some of Nimir's initiatives are alkyd resins (1964), oleo-chemicals (2000), soap noodles (2007), international scale soap finishing (2014), aerosols (2020), chlorinated paraffin wax (2022). Introducing world-class 3PM facilities at Nimir has helped the country localise number of FMCG products.

With its state-of-the-art manufacturing facilities that comply with international standards on HSE and quality assurance, Nimir has established itself as reliable partner for providing third party manufacturing services in various personal and home care products.

Our product portfolio includes a large range of oleo chemicals, chlor alkali, coatings, emulsions, polyester, textile chemicals, paper chemicals, construction chemicals and application services, aerosols, personal and home care products and alternate energy solutions.

We also produce construction chemicals that are used from initial construction to repair and maintenance. Trained personnel ensure high-quality work and zero environmental waste.

Nimir's valued customers consist of Pakistani companies as well as multinationals. We understand customer service and provide tailored solutions to our customers with our expanding product portfolio. We value your business and welcome all to the Nimir family!

- NIMIR INDUSTRIAL CHEMICALS LIMITED
- NIMIR RESINS LIMITED
- NIMIR CHEMCOATS LIMITED
- NIMIR ENERGY LIMITED

OUR VISION

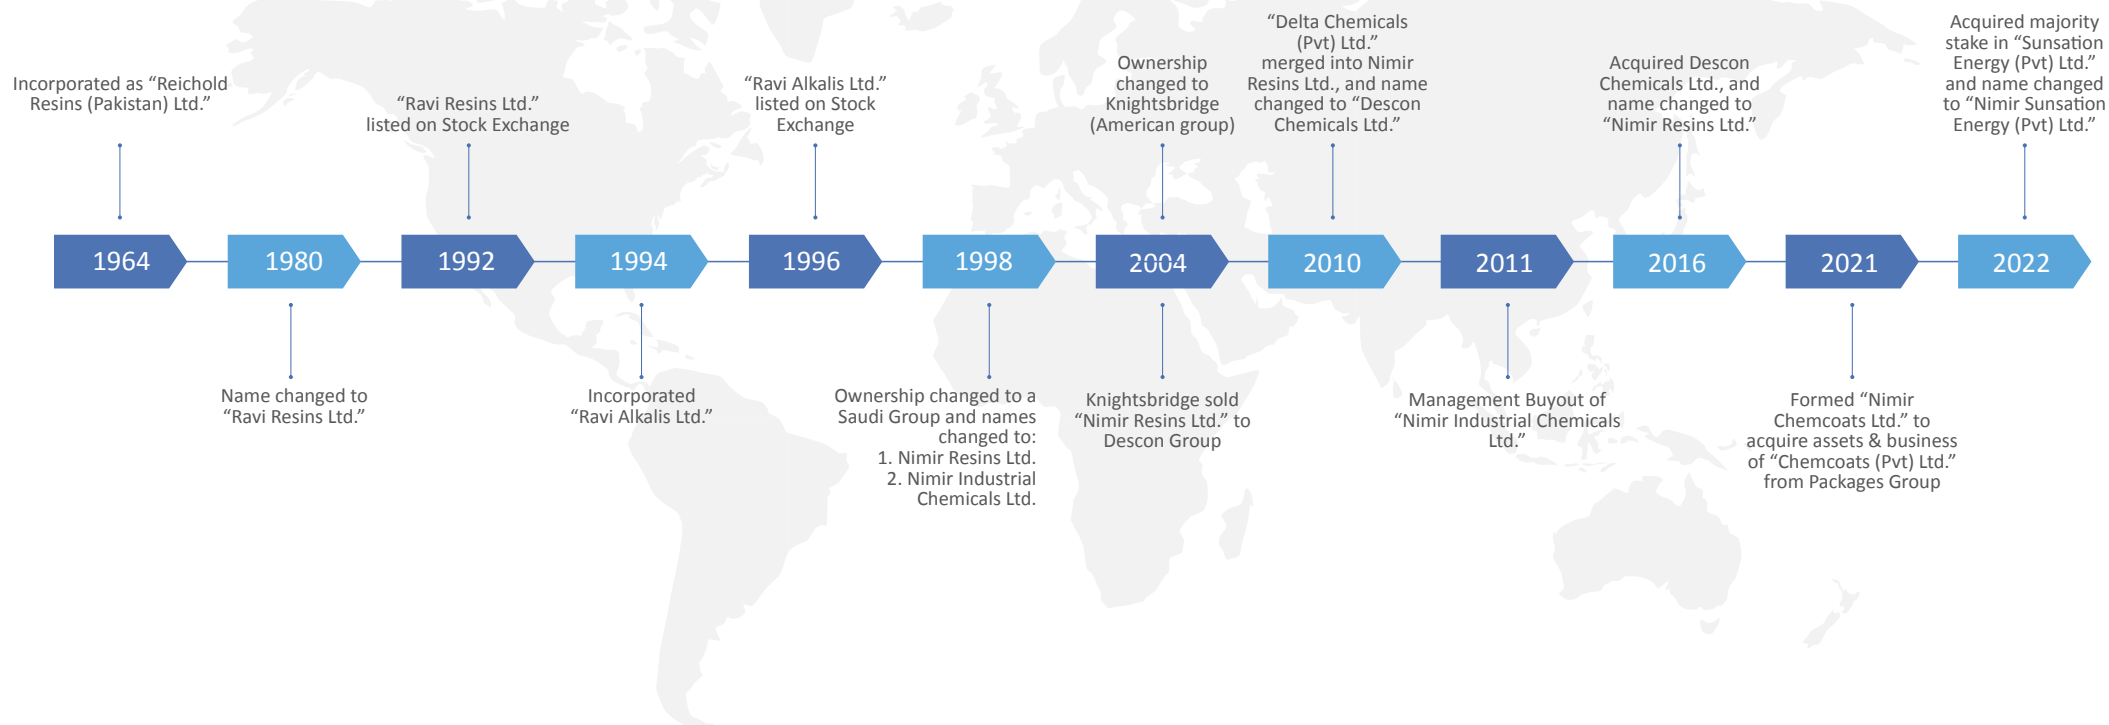

To become an industry leader through a persistent commitment to customer focus, technical innovation, managerial excellence, entrepreneurial spirit and social responsibility.

OUR MISSION

To deliver unparalleled value to stakeholders and continually striving to exceed customer expectations by developing innovative industrial chemical solutions with special emphasis on workforce, health, safety, environment and contribution to the national economic development.

CORPORATE HISTORY

ACCREDITATIONS

We are accredited with a list of certifications such as SEDEX, RSPQ (Mass Balance and Segregated), ISO 22716, ISO 9001:2015, HALAAL, OEKO- TEX, GOTS etc.

MAJOR CUSTOMERS

Our major customer base is Pakistan's leading multinational and national companies.

PACRA RATING

SHORT TERM: A1 | LONG TERM: A+

OUR PRODUCTS AND SERVICES

- OLEO CHEMICALS
- THIRD PARTY MANUFACTURING SERVICES
- CHLOR ALKALI
- COATINGS, EMULTIONS & POLYESTERS
- TEXTILE CHEMICALS & AUXILIARIES
- PULP & PAPER CHEMICALS
- OPTICAL BRIGHTENERS
- CONSTRUCTION CHEMICALS & APPLICATION SERVICES
- OTHERS

OLEO-CHEMICALS

SOAP NOODLES

- Palm Bright 80:20
- Palm Bright 90:10
- Capella
- Soap Base

STEARIC ACID

- Triple Press
- Double Press

GLYCERINE

(BP Grade, Halal Certified)

HYDROGENATED OILS

- Hydrogenated Palm Oil
- Hydrogenated Palm Kernel Oil
- Hydrogenated Palm Stearin

THIRD PARTY MANUFACTURING SERVICES

TOILET SOAP BAR:

- Paper Wrapping
- BOPP Wrapping
- Flow Wrap
- Skillets
- Over-wrapping
- Bundling

LIQUID MANUFACTURING & FILLING:

- Shampoos
- Hand Wash
- Body Wash
- Lotion
- Hand Sanitizers
- Soft Creams

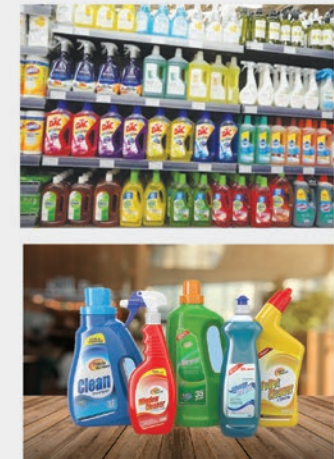

AEROSOLS:

- Body Sprays
- Air Fresheners
- Insecticides
- Shaving Foam
- Hair Sprays
- Home Hygiene
- Spray Paints
- Industrial Cleaners

HOME CARE PRODUCTS:

- Toilet Cleaners
- Bath Cleaners
- Surface Cleaners
- Fabric Bleach
- Dish Bar & Scourer
- Liquid Detergent

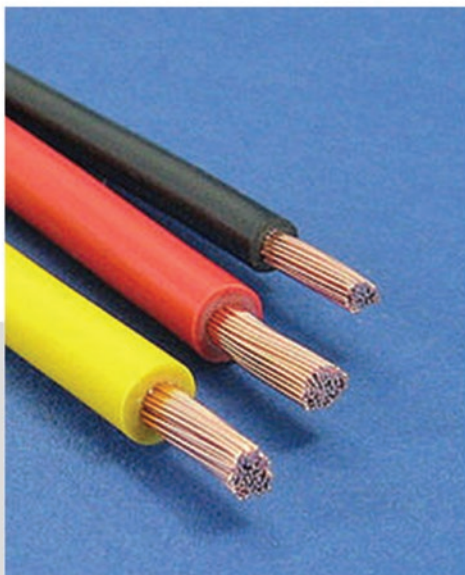

CHLOR ALKALI

- CAUSTIC SODA
- LIQUID CHLORINE
- SODIUM HYPOCHLORITE
- HYDROCHLORIC ACID

CHLORINATED PARAFFIN WAX

Multiple grades ranging from 40% to 65% chlorine content

COATINGS, EMULSIONS & POLYESTERS

COATINGS:

- Alkyd and modified alkyd resins
- Amino resins
- Saturated polyester resins
- Urethane alkyds
- Rosin modified resins
- Epoxy esters
- Acrylic resins
- Metal driers

EMULSIONS:

- Emulsion binders
- Wetting agent
- Silicon and mineral oil antifoam
- Liquid polymeric pigment
- Emulsifier

POLYESTERS:

- General purpose UPR and gel coat
- Chemical resistance UPR
- Pigment dispersion resins
- UPR accelerator

TEXTILE CHEMICALS & AUXILIARIES

SIZING:

- Acrylic sizing agent
- Fatty acid based softening agents

PRETREATMENT:

- Enzymes
- Sequesters
- Stabilizers
- pH-Buffers
- Wetting Agents, Detergents & Stain Removers
- Antifoams
- Optical Brightening Agents

DYEING:

- Dye Fixing Agents
- Dye Dispersing Agents
- Soaping Off
- Antifoams
- Anti-Migrating Agents
- Acrylic Binders for Pigment Dyeing

PRINTING:

- Acrylic Binders
- Thickeners for Pigment Printing
- Fixers

FINISHING:

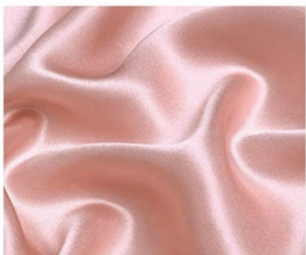

- PVA Emulsions
- Fatty Acid Based Softeners
- Polyethylene wax emulsions
- Silicones
- Optical Brightening Agents
- Shrinkage Control Resins
- Crease Preventing Agents
- Coating Binders
- Acrylic Binder for Non-Woven
- Crosslinking Agents for Non-Woven

OPTICAL BRIGHTENING AGENTS

A wide range of optical brightening agents for following applications:

- Textile
- Paper
- Detergents

PULP & PAPER CHEMICALS

Alkaline and acidic sizing solutions for writing, printing and corrugated papers.

- AKD Emulsion
- Surface sizing agent
- Fortified Rosin
- Anti-stickies
- Fixing agent
- Anti-foam
- Biocides
- Coating thickener

CONSTRUCTION CHEMICALS & APPLICATION SERVICES

- Admixture
- Epoxy Coating
- Epoxy Flooring
- Repair Mortars
- Sealants
- Grouts
- Waterproofing
- Structure Restrengthening
- Adhesives

OTHER PRODUCT RANGE

CHEMICALS

- Adhesives for flexible packaging
- Solvents
- Monomers
- Inorganic chemicals

RENEWABLE ENERGY SOLUTIONS

For industrial, commercial, residential, government and agriculture sectors

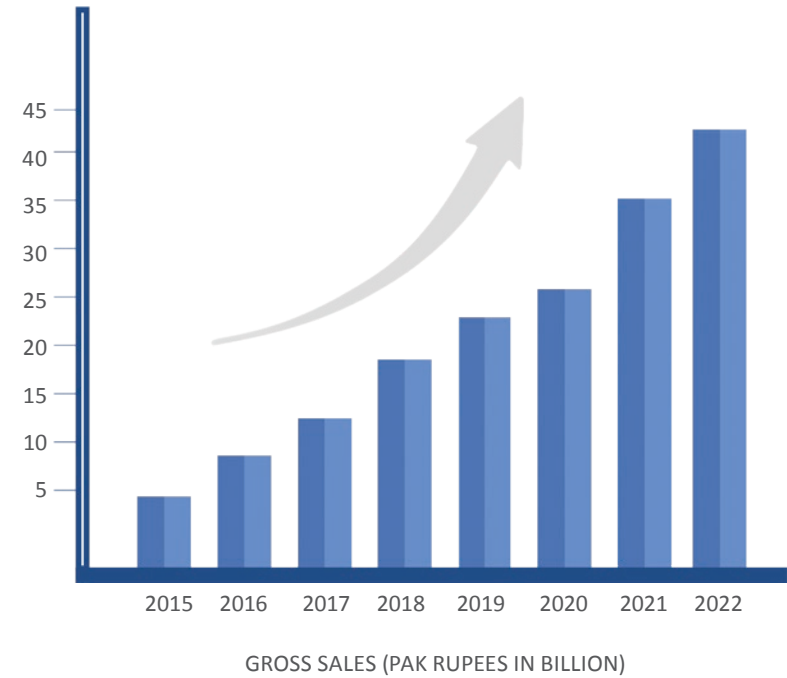

- Turnkey EPC Services
- Solar Financing
- Operations and Maintenance
- Project Consultancy

COMPLIANCES

OUR GROWTH

After acquiring control of Nimir Industrial Chemicals Limited in 2011 and Nimir Resins Limited in 2016, Nimir Group accelerated the growth of the companies, increasing the consolidated sales to US\$ 250 million.

WAREHOUSING

TESTING LABORATORIES

With our modern warehousing facility that complies with international standards, Nimir offers unmatched services to its customers.

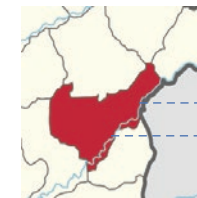

A modern laboratory equipped with latest testing and R&D equipment helps the company ensure quality products.
